This UFT book has been designed with the objectives of simplicity and ease of understanding. This book is recommended both for those who are beginning to learn test automation using QTP and for advanced automation users. This application with enhanced test scenarios will bring you very close to real time automation using HP QTP UFT. With author's huge experience as corporate trainer on HP QTP UFT this book follows a unique training based approach instead of a regular text book approach. As a step by step guide it guides the student through every step of the exercises with the help of snapshots. The book also covers the most common interview questions and answers for HP QTP UFT. It covers new features of HP UFT 11.5 and also covers aspects of Integration of HP QTP UFT with HP ALM Quality Center platform. It also discusses how to use VBScript in and working with advanced scripting concepts in QTP UFT. Consumer Health & Integrative Medicine: A Holistic View of Complementary and Alternative Medicine Practices Linda Baily Synovitz, Karl L. Larson, 2018-10-01 Today being a health consumer encompasses more than being knowledgeable about traditional medicine and health practice but also includes the necessity to be well informed about the expanding field of complementary and alternative medicine. *Consumer Health and Integrative Medicine: A Holistic View of Complementary and Alternative Medicine Practices* Second Edition was written to expand upon the many alternative modalities that many other consumer health texts overlook. It includes chapters on the major alternative medicine systems and healing modalities including Ayurvedic medicine, traditional Chinese medicine, naturopathy, homeopathic medicine, chiropractic medicine, massage, reflexology, and herbals or botanicals. The authors' mission is to increase the reader's knowledge base, not make up their mind, as we all make better choices related to our own personal health care practices when we are informed consumers.
