How To Quote A Textbook In A Paper:

The International Student's Guide to Writing a Research Paper Janine Carlock, Maeve Eberhardt, Jaime Horst, Peter Kolenich, 2017-06-13 The International Student's Guide to Writing a Research Paper is a reference text for undergraduate students and those in ESL or bridge courses who are writing a research paper for the first time This book is partly an update of *Writing a Research Paper* by Lionel Menasche 1998 and partly a companion to *The ESL Writer's Handbook* Each section of the book includes a discrete task called a Building Block which requires students to apply the skills learned toward the development of their own paper This step by step approach allows students to construct knowledge as they become more familiar with the process making writing a research paper a less intimidating task Special features This guide uses simple direct language for those for whom writing a research paper is new Most example writing is from international students in an ESL program or first year writing class including two sample papers one in APA and one in MLA A section on responding to instructor feedback to provide students with the tools to read and understand comments and use them to improve the first draft A subsection dedicated to constructing clear and cohesive paragraphs and sentences The guide includes citation and style examples in MLA 8th edition

Service Learning in Higher Education Elaine Clanton Harpine, 2024-02-27 This practical guide assists university faculty in developing and implementing service learning courses and projects across multiple disciplines It examines how embedding academic service learning projects into the core curricula benefits not only the students but also their universities and communities The book describes ways in which service learning becomes a powerful teaching method using step by step explanations real world examples and instructor checklists and handouts Chapters detail how to integrate academic service learning projects into classroom pedagogy and evaluate student experience Key areas of coverage include Strategies for ensuring that students engage with academic service learning projects from the initial stages through completion Guidance on embedding an academic service learning curriculum into traditional coursework to supplement students textbook knowledge and classroom experiences to address real world problems in the community Research confirming the ways in which students learn more and score higher on end of the semester tests when courses incorporate academic service learning projects Steps to incorporate service learning projects across various disciplines and coursework to enrich student learning and produce positive outcomes for universities and communities Service Learning in Higher Education is an essential resource for professors and graduate students as well as teachers and educational professionals in such varied fields as school and clinical child psychology educational psychology social work pedagogy educational practice and policy sociology anthropology and all related disciplines
