It explores fashion and sustainability at the levels of products, processes, and paradigms and takes a truly multi-disciplinary approach to critically question and suggest creative responses to issues of Fashion in a post-growth society. maintains the depth and scientific rigour of the first edition and includes a new chapter on human sexuality written from a comparative perspective It contains 2600 references almost 400 figures and photographs and 73 tables Gender and Material Culture in Archaeological Perspective Moira Donald,Linda Hurcombe,2000-09-30 Case studies drawn from many different periods and areas develop concepts and theories as diverse as the social contexts of production and artifact *The Flaneur (RLE Social Theory)* Keith Tester,2014-08-21 Timely and original this collection of essays from the leading figures in their fields throws new and valuable light on the significance and future of fl nerie The fl neur is usually identified as the man of the crowd of Edgar Allen Poe and Charles Baudelaire and as one of the heroes of Walter Benjamin s Arcades Project The fl neur s activities of strolling and loitering are mentioned increasingly frequently in sociology cultural studies and art history but rarely is the debate developed further The Fl neur is the first book to develop the debate beyond Baudelaire and Benjamin and to push it in unexpected and exciting directions **Biological Determinants of Sexual Behaviour** John Bower Hutchison,1978 **Herakles and Hercules** Louis Rawlings,Hugh Bowden,2005 This collection had its origins in a conference on Herakles Hercules in the Ancient World held at the University of Cardiff in September 1998 P vii **Brain and Behavioural Development** John W. masculinities that helped reinforce the dominance of powerful groups of men Beginning from the premise that Canadian society and thus Canadian sport is far from classless Peter Donnelly and Jean Harvey provide numerous examples in Chapter 6 to show that there have been major social class and gender inequalities throughout the history of sport Again we are reminded that gender is a complex and multidimensional phenomenon that can best be understood if we trace power differences not only between different groups of men and women but also between different versions of masculinity and femininity associated with particular social groups social classes and social settings Part II of this book focuses on the work currently being done by leading researchers in the area of sport and gender in Canada on a broad spectrum of sport related topics The chapters reflect a variety of theoretical standpoints and methodological procedures These chapters emphasize the need to study gender in a way that is not only non categorical but perhaps moves beyond the distributive level towards understanding how sport assumes particular forms at particular historical junctures and grows out of relations of power that are determined culturally and reinforced ideologically In Chapter 6 Sally Shaw and Larena Hoeber show how the prevalence of gendered discourses hinders the achievement of gender equity in Canadian amateur sport organizations The idea that there is no singular masculinity and femininity operating within Canadian sport is developed in Chapter 7 in which Philip White and Kevin Young review research findings on gender and rates and types of sport injury In Chapter 8 Caroline Davis observes that some femininities are more closely associated with body image disorders than others and discusses the biological sociological and psychological factors acting on the relationship between sport physical activity and eating disorders Chapter 9 by Peter Donnelly Who's Fair Game Sport Sexual Harassment and Abuse identifies how power differences tend to exist at the heart of abusive and exploitive sport based relationships Notions of power relations are also central to Chapter 10 written by Patricia Vertinsky and Sandra O'Brien Cousins on the effects of gender on participation in sport among older Canadians Specifically their chapter demonstrates how older women are disadvantaged relative to men when it comes to involvement in sport and physical activity Victoria Paraschak's chapter on sport and Canada's First Nations peoples Chapter 11 provides vivid examples of how unequal gender relations are created and reproduced over time Chapter 12 calls for a collapsing of the rigid binary categories of hetero homosexuality on the grounds that these are used to preclude full and equal gay and lesbian participation in sport Identifying patterns of exclusion from participation in sport and physical activity is also the focus of Chapter 13 which is authored by Wendy Frisby Colleen Reid and Pamela Ponik This chapter demonstrates how a combination of poverty and prevailing municipal recreation department policies seriously limit the opportunities of many women from active recreation In Chapter 14 Brian Wilson explores how the media reinforces taken for granted understandings of gender appropriate orientations toward the body and sport In the following chapter Jamie Bryshun and Kevin Young provide some of the first substantial evidence for the routine involvement of female athletes in initiation hazing rituals in Canada and conclude that power relations between neophyte and veteran female players may be

just as aggressive coercive and high risk as those occurring on male teams Sport and Gender in Canada reflects a growing body of work highlighting the diversity that exists among Canadian sportswomen and sportsmen in terms of factors such as age race heritage sexuality and social class To speak of a generic sporting masculinity or femininity or indeed of a generic sporting experience simply does not do justice to the complexity of Canadian sporting life Combined Textbook of Obstetrics and Gynaecology James Walker,Ian MacGillivray,Malcolm C.
