what adjustments might be required They also believe that training and instruction for the motorcycle test needs to develop and change to reflect the new test requirements The off road module of the test also needs to be amended to allow candidates to adapt their riding to reflect prevailing weather road and other circumstances The development of better awareness of motorcyclists among other road users is also crucial and should not be neglected Though the Government exceeded what was necessary to comply with the EU directive the Committee believes they were right to do so It is the development of Multi Purpose Test Sites for which justification was weak and implementation inept which represents the least effective element
