Chapter 1.1-1.2

Question: Which of the four main divisions of philosophy interests you the most? What philosophical questions listed in this section (p. 6) would you most want to have answers to and why?

There are four main divisions of philosophy. Two of them, Axiology and Logic are something that most people use day to day. I use them all the time. But the one that catches my eye, the one that interreges me is Metaphysics. According to the book Philosophy Here and Now by Lewis Vaughn (page 4 Chapter 1) "Metaphysics is the study of reality in the broadest sense, an inquiry into the elemental nature of the universe and the things in it..."

All the questions that come with Metaphysics are something I always think of. Such as what is beyond life? I always find myself also thinking about God and how really bad things happen and why he would let that happen. I also believe in the world of spirits. Do people stay on earth after passing? All these questions make my head spin. These are most likely the questions I would like to know the answer to, but I know with all the answers comes more questions.

Essential Concepts for Healthy Living Sandra Alters, Wendy Schiff, 2013 Essential Concepts for Healthy Living provides students with a clear and concise introduction to the latest scientific and medical research in personal health. With its unique focus on critical thinking and analysis of health-related behaviors and attitudes, this text enhances students' understanding of their own health needs and presents the scientific background necessary for students to think critically about the reliability of health-related information they encounter in the media.

Essential Practical Prescribing Georgia Woodfield, Benedict Lyle Phillips, Victoria Taylor, Amy Hawkins, Andrew Stanton, 2016-04-07 ESSENTIAL PRACTICAL PRESCRIBING The Essentials are an international best-selling series of textbooks, all of which are designed to support lecture series or themes on core topics within the health sciences. See www.wileyessential.com for further details. Essential Practical Prescribing is an important new textbook with a clinical ward-based focus. It is specifically designed to help new foundation doctors working on the hospital wards and in the community, as well as medical students preparing for the Prescribing Safety Assessment. Using an accessible format, Essential Practical Prescribing demonstrates how to manage common medical conditions and explains the logic behind each decision. It also emphasises common pitfalls leading to drug errors and highlights drugs that could cause harm in certain situations. Organised by hospital department, it outlines the correct management of conditions, as well as highlighting the typical trials of a junior doctor. Essential Practical Prescribing contains a range of learning methods within each chapter, including key topics, learning objectives, case studies, DRUGS checklists, Top Tips, advice on guidelines and evidence, and key learning points. Uses patient histories to set the scene and enhance the clinical emphasis. Offers examples of correctly completed drug charts throughout. Is an ideal companion for Prescribing Safety Assessment (PSA) preparation. For more information on the complete range of Wiley medical student and junior doctor publishing, please visit www.wileymedicaleducation.com. All content reviewed by students for students. Wiley Medical Education books are designed exactly for their intended audience. All of our books are developed in collaboration with students. This means that our books are always published with you, the student, in mind. If you would like to be one of our student reviewers, go to www.reviewmedicalbooks.com to find out more.
