**Haunting Legacy** Marvin Kalb,Deborah Kalb,2012-08-27

The United States had never lost a war that is until 1975 when it was forced to flee Saigon in humiliation after losing to what Lyndon Johnson called a raggedy ass little fourth rate country The legacy of this first defeat has haunted every president since especially on the decision of whether to put boots on the ground and commit troops to war In *Haunting Legacy* the father daughter journalist team of Marvin Kalb and Deborah Kalb presents a compelling accessible and hugely important history of presidential decisionmaking on one crucial issue in light of the Vietnam debacle under what circumstances should the United States go to war The sobering lesson of Vietnam is that the United States is not invincible it can lose a war and thus it must be more discriminating about the use of American power Every president has faced the ghosts of Vietnam in his own way though each has been wary of being sucked into another unpopular war Ford during the Mayaguez crisis and both Bushes Persian Gulf Iraq Afghanistan deployed massive force as if to say Vietnam be damned On the other hand Carter Clinton and Reagan to the surprise of many acted with extreme caution mindful of the Vietnam experience Obama has also wrestled with the Vietnam legacy using doses of American firepower in Libya while still engaged in Iraq and Afghanistan The authors spent five years interviewing hundreds of officials from every post war administration and conducting extensive research in presidential libraries and archives and they ve produced insight and information never before published Equal parts taut history revealing biography and cautionary tale *Haunting Legacy* is must reading for anyone trying to understand the power of the past to influence war and peace decisions of the present and of the future
