Excerpt from Laundry Manual In presenting this little book to the public the aim has been to furnish a book the need of which has long been felt by the authors The course as treated in this manual having been used with success in their respective schools for several years has now been placed in book form in the hope that it will be an aid to instructors and at the same time be a help to the housewife The outline of lessons has been added as a suggestion to instructors for presenting the course in twelve lessons of two and a half hours each to classes of eight students This outline together with the arrangement of chapters has been based upon the assortment of clothes in the introductory chapter The illustrations have been designed to show clearly the methods of folding garments The chapter on stains has been arranged in tabulated form to facilitate reference With a knowledge of chemistry students

will be able to appreciate the reactions employed in the removal of stains The authors acknowledge with pleasure their indebtedness to Miss Eva J Phelps Instructor of English in Boardman Manual Training High School for corrections in the manuscript and to Miss L H Dayton Instructor of Wood Carving in Boardman Manual Training High School for the illustrations which have been drawn especially for this book About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
