Hi Fi/stereo Review ,1997

A Practical Guide to Price Index and Hedonic Techniques Ana M. Aizcorbe,2014-06-12 This book provides an accessible guide to price index and hedonic techniques with a focus on how to best apply these techniques and interpret the resulting measures One goal of this book is to provide first hand experience at constructing these measures with guidance on practical issues such as what the ideal data would look like and how best to construct these measures when the data are less than ideal A related objective is to fill the wide gulf between the necessarily simplistic elementary treatments in textbooks and the very complex discussions found in the theoretical and empirical measurement literature Here the theoretical results are summarized in an intuitive way and their numerical importance is illustrated using data and results from existing studies Finally while the aim of much of the existing literature is to better understand official price indexes like the Consumer Price Index the emphasis here is more practical to provide the needed tools for individuals to apply these techniques on their own As new datasets become increasingly accessible tools like these will be needed to obtain summary price measures Indeed these techniques have been applied for years in antitrust cases that involve pricing where economic experts typically have access to large granular datasets

Popular Mechanics ,1987-08 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech

lifestyle *Television Digest, with Consumer Electronics* ,1987 *Consumer Price Index Revision Reference Checklists* ,1996 *Popular Mechanics* ,1973-08 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it s practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle Audio ,1997 *Handbook on Hedonic Indexes and Quality Adjustments in Price Indexes* Jack E. Triplett,2006-10-05 This handbook compares and contrasts two methods employed in price indexes to adjust for quality change conventional quality adjustment methods and hedonic price indexes The latter are often used in price indexes for information and communication technology ICT products in several OECD countries as well as for measuring prices for some other goods and services notably housing The handbook aims to contribute to a better understanding of the merits and shortcomings of these methods and to provide an analytic basis for choosing among them Radio-electronics ,1981 Popular Science ,1976-11 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better
