

Read **Text A** and answer **Question 1** and **Question 2** on the question paper.

Text A: The north shore

The writer is attempting to navigate his way alone in a canoe across Northern Canada's mainland Arctic. At this point in his story, he is travelling the length of a huge lake.

- 1 Despairingly, I swung my paddle again into the icy water, the fierce wind driving me towards the land. I had to find somewhere to make camp; the gusts were growing too strong to continue.
- 2 Ahead on the north shore, the one I'd been faintly tracing in my canoe for many inhospitable kilometres, I thought I spotted a tiny patch of grass between the vast heaps of ancient boulders and rocks that lay scattered inland. Blasted by the frosts of a hundred million winters, they would not permit a tent to be pitched – and with the arctic winds no tent could last long unanchored. A dried strip of grass was perhaps not what most people would consider an attractive campsite, but to me, just now, it looked inviting. I headed for it. 5
- 3 When at last I came to the grass amid the rocks, I made camp, pegging down my tent securely with extra guy lines. Then I carried up my canoe – worn, battered, almost paper thin from months of grinding against the rocks and ice floes – and overturned it beside the tent. ‘Just a little longer my old friend,’ I whispered to the vessel. 10
- 4 I sat in the tent listening to the wind's howling grow louder as it whipped up waves and sent them smashing into the barren shore. Across the lake's turbulent water rose a range of gracefully sloped mountains, their lower flanks a brilliant orange. A flock of snow geese passed high overhead, emphasising the emptiness of the landscape. I hid in my sleeping bag, hunkering down for the night. I was thankful to have found this spot among the rocks when I did. 15
- 5 I'd heard of canoeists being windbound on such shores, stuck for weeks. It was not an encouraging possibility. Ahead of me lay powerful river rapids; unlucky travellers had been known to get into trouble there. If my journey was delayed, I'd have to navigate them late in the season, when the weather was at its worst. That night the wind blew ceaselessly, shaking my little tent as I lay huddled inside. I pinned my hopes of escape on the morning calm. 20
- 6 But the dawn brought no respite: the skies were grey and dismal, the gales as unrelenting as ever. All day I waited anxiously for a break in the wind that would enable me to launch my canoe and leave my camp. None came. The frigid gusts seemed only to grow stronger, wailing eerily across the lifeless landscape. A second night passed with me still stranded in the same spot. Growing more anxious, I watched as yet another day slipped away without any break in the wind and waves, making paddling impossible and trapping me on that desolate grey rock-strewn point. 25
- 7 Glance at any satellite image of Northern Canada and you'll see that there are three million lakes, creeks, ponds, and rivers. With that many different waterways, the number of potential route combinations is infinite. You could live a thousand lifetimes and not even begin to scratch the surface of paddling all the possibilities. 30 35
