

WHAT IS A **FABLE**?

A **fable** is a story that features animals, plants or forces of nature which are anthropomorphised (given human qualities).

A **fable** always ends with a 'moral'. This is the lesson that is intended to be learnt through reading the story.

One of the most famous fables is The Hare and the Tortoise. In this fable, both animals are anthropomorphised in that they can speak and are competing against each other in a race.

The Anonymous Marie de France R. Howard Bloch, 2003-06 This book offers a fundamental reconception of the person generally assumed to be the first woman writer in French the author known as Marie de France It considers all of the writing ascribed to Marie including her famous *Lais* her 103 animal fables and the earliest vernacular *Saint Patrick's Purgatory* Evidence about Marie de France's life is so meagre that we know next to nothing about her In the face of this great writer's near anonymity scholars have assumed her to be a simple naive and modest Christian figure This book's claim in contrast is that Marie is among the most self-conscious sophisticated complicated and disturbing figures of her time
