

How to Use the Pacing and Pathways Guide

The *Go Math! Pacing and Pathways Guide* gives teachers the flexibility to adjust their pacing by choosing from three different pathways at any time. Teachers can select different pathways throughout the school year to focus on the most appropriate course content based on classroom performance as the year progresses.

Pathway Options

Pathway 1 develops and builds foundational skills with essential lessons that teach priority content that covers the main areas of emphasis for each grade. Classrooms using this pathway may have a high percentage of students with below-grade-level math skills or may follow a schedule other than five full days each week. Pathway 1 lessons are indicated by the ■ symbol.

Pathway 2 contains all lessons in Pathway 1 and adds lessons that support the priority standards. This pathway is ideal for classrooms with mostly on-level learners and only some instances of students with below grade-level skills. Pathway 2 lessons are indicated by the ■ and □ symbols.

Pathway 3 adds lessons to Pathway 2, covering all standards for the grade with content to enhance the essential and supporting areas of emphasis. Classrooms can use this pathway with learners primarily working on grade level, with modest intervention needs. Pathway 3 lessons include all priority, supporting, and additional content, meeting all standards, and are indicated by the ■, □, and ○ symbols.
