and educated guesswork makes it easy to believe that pricing is nothing more than a technical tactical and for most people boring game of numbers Game Changer changes that conversation by sharing stories and research that bring the Hexagon and its seven pricing games to life With research from BCG s Bruce Henderson Institute and real world examples from the world s most influential companies the authors and their colleagues at BCG define pricing strategy as a business leader s or business owner s conscious decisions about how money flows in their market They show how companies succeed in the long term when they focus on collaborative growth and value sharing with customers not zero sum value extraction from them Discover how you can create and implement a winning pricing strategy that changes the trajectory of your business your market and even society *The Software Encyclopedia* ,1988 *MYOB Premier Accounting* ,1999 [PC World](#) ,1997
