What is KNOWLEDGE?

Knowledge refers to the understanding, awareness, and familiarity acquired through learning, experience, or information.

It encompasses facts, skills, concepts, and the ability to apply information in a meaningful way.

Knowledge can be acquired through formal education, practical experience, or exposure to various sources. It empowers individuals to make informed decisions, solve problems, and navigate the complexities of the world.

The pursuit of knowledge is a fundamental aspect of human curiosity and intellectual growth, contributing to advancements in science, technology, culture, and every facet of human endeavor.
