

## User Manual "Installer Creation Using Inno Setup"

### Introduction

This article will focus on Inno Setup – a convenient tool intended to package applications for Windows OS.

Why Inno Setup? "Inno Setup today rivals and even surpasses many commercial installers in feature set and stability," our developers' [official website](#) says. Indeed, this tool is quite simple to learn and powerful in terms of its capabilities.

At the moment, Inno Setup developers mention the following features as key ones:

- support for all versions of Windows starting from Windows 2000;
- 64-bit and 32-bit installation support;
- built-in Pascal script processor for more flexible customization;
- possibility to pack the application and all the files that are needed for its operation into one compact .exe file;
- Inno Setup supports several data compression modes. If necessary, built-in compression can be disabled and third-party archivers can be used;
- it allows adding registry keys during installation, launching additional applications during, before and after installation;
- possibility to delete registry keys and all traces of program activity; flexibly configure the uninstaller.

### First meeting

You can download the stable version of Inno Setup Compiler for free from the [official website](#). There you can also find FAQ and documentation in English and [third-party libraries](#) that simplify the process of creating Inno Setup Script (.iss).

Inno Setup Compiler itself, application has the help section where you can find FAQ, example scripts, and documentation.
