

PDF - Lab options are found in BOTH English and Spanish!

FOSS is continuously adding new things to its online platform - a new resource may not be available for all grades or all modules at the time.

HEADLINE TAB - TEACHING THE MODULE

This tab is all about teaching FOSS Modules. It is where you will find your PDF versions of Teacher Guide, Investigations Guide/resources and basic resources for setting-up labs and general teaching.

Click: PDF Investigation Guide - online version of the investigation guide/resource guide. This soft back book is every bit - makes for lesson planning on-the-go with online access easy - no hauling textbooks please.

Click: List of resources by investigation - This will give you a **comprehensive list** of everything you could possibly use in this investigation in one spot in one list. PDF's, video links, teaching slides, etc.

Click: Teacher prep video [means LAB Set-up] All lab set-up can be viewed online. Click on the investigation/Lab you want to view and a quick video will show you how to set up the lab. It's kind of easier than trying to read through the lengthy instructions. I will put out all the supplies in front of me, and watch the video and set up along with it (watching multiple times! When it is my first time setting up a new lab).

Click: Module Summary - this is your Teacher Guide online.

Click: Module update - check periodically (at least annually) to see what has been updated to your curriculum and add that to your Teacher Guide.

Click - Teaching notes - information on modules/investigations you may be teaching or using.

Click: Home School Connection - If you want to provide extensions at home or homework or provide information to home about what you are doing in Science or experiments they can do at home that extend what they are doing in the classroom this provides excellent resources that are already compiled for you - no need to search. I often use for break or summer!

HEADLINE TAB - SKILL GOALS AND KIT INFORMATION

This tab has information about what's in each of the kits and how to use it!

Click: Material Chapter - This tells you what is in each of the kits. *Disclaimer: if you receive your kit from District for the elementary portion - they are not packed as the inventory states in these kits or on the kits on the front of the boxes.
