

## Supersoft

With the Supersoft golf ball, we've combined our lowest-compression ball ever with a soft cover and our new premium HEX Aerodynamics surface pattern. The result is a long, straight distance ball that is incredibly soft.

With its soft feel, an ultra-low compression core to deliver ball speed, and super-low spin for straight ball flight, this is a ball that golfers enjoy playing.

The new, improved ultra-low compression core is designed to promote faster ball speed and low spin for longer, straighter flight on full shots. New premium, low-drag HEX Aerodynamics with more refined surface contours reduces drag and enhances lift for increased carry and longer distance. New, softer Tri-Ionomer cover formulation increases softness for better feel and more wedge spin.

RRP: \$34.99

## Odyssey O-Works Red putters

Featuring revolutionary Microhinge Face Insert Technology, O-Works putters offer unmatched roll for all levels of player.

The face insert pairs a stainless steel Microhinge plate co-molded into a Thermoplastic Elastomer Feel Layer, enabling the tiny hinges on the hitting surface to lift the ball into a better roll at impact. The technology makes the putter face more flexible, meaning all golfers will see increased top-spin and roll to their putts, even with a less-than-perfect putting stroke.

The line features a variety of four-proven shapes – including the iconic 2-Ball, #7, R-Line, V-Line Fang – and introduces an innovative new #75 model. This short slant neck version of the #7, one of the most prolific, tournament-winning putters of all time, provides more toe hang, which has become a popular setup for professionals.

RRP: \$349.99

## Footwear Collection

The 2017 Footwear Collection blends performance-enhancing design features with a host of innovative styles and striking colours. Featuring six different styles and colour combinations, the 2017 family is split into four very distinctive and technologically advanced sub-collections, XFER Fusion, La Jolla, Balboa TROC and Balboa. All have been designed to give golfers a perfect platform from which to build their game.

RRP: \$129.99 to \$179.99

## Toulon Design putters

Toulon Design putters is a premium line of performance-driven products, bringing together the best in look, sound, feel and technology.

The line includes six models – four blades (Madison, Austin, Long Island and San Diego) and two face-balanced mallets (Memphis and Indianapolis) – representing a union of the finest materials, extraordinary craftsmanship, elegant visual appeal and cutting-edge technology.

One of the most visually striking designs in the 2017 Collection – Indianapolis (pictured) – is a super-high MOI mallet inspired by the sleek beauty and envelope-pushing performance of Indy cars past and present. It combines a uniquely beautiful and highly functional shape with Deep Diamond Mill technology to promote great feel, smooth, accurate roll and keen distance-control across a large part of the face.

RRP: \$649.99

## Chrome Soft / Chrome Soft X

Chrome Soft X and Chrome Soft share four-piece ball construction consisting of Callaway's innovative two-layer Dual SoftFast Score, spin-regulating SubMantle and ultra-soft urethane cover, as well as flight-extending HEX aerodynamics. The difference lies in Chrome Soft X's firmer core and cover combination, which promotes more ball speed off the tee, more spin through the bag and a piercing and workable ball flight. RRP: \$59.99
