

Language Arts Course Outline: Grade 9 2011-2012

Welcome to Language Arts at Tom Baines School. The LA team would like to take this opportunity to outline our program and expectations for the current school year. After reading through this information, should you have any questions or concerns, please contact your LA teacher.

Language Arts

The aim of English Language Arts is to enable each student to understand and appreciate language, and to use it confidently and competently in a variety of situations for communication, personal satisfaction and learning. The English Language Arts program is divided into six strands: speaking, listening, reading, viewing, writing, and representing. Students are expected to demonstrate these skills with increasing competence and confidence from Grades 7 to 9.

Expectations

Students are expected to access online versions of the framework blog, any posted materials, and student progress as reported on the marks link on D2L. Marks posted on D2L will include a mix of raw scores and progress level descriptions. Students should also ensure they have appropriate materials from the distributed supply list.

Plagiarism

Students who plagiarize by copying a piece of writing verbatim with the intention to take and use as their own will be dealt with in the following manner: Parents will be notified and the student will receive a zero for that assignment.

To prevent plagiarism students will submit research notes in their own words in point form. Students will be expected to reference and cite information and images they use. Students will be expected to show their progress through the writing process with evidence of a series of drafts which show rough work, evidence of changes made in context revision and final editing/proofreading corrections. These writing strategies will assist students in avoiding "unintentional" plagiarism. Refer to Bibliography standards as referred to by your teacher.

Late Assignments

Time management is one of the keys to success. Students are expected to submit assignments on time. Please take responsibility for this, but should circumstances arise that could impact the meeting of a deadline, students are expected to clearly communicate this prior to the deadline date. The individual circumstance will be considered as well as the work ethic already demonstrated in class to determine a shared course of action. After following due process, a student may receive a zero for work not completed. Planned absences such as holidays must be conveyed to the teacher well in advance and work (including tests and quizzes) must be made up promptly. As well, students who miss work due to an unplanned absence are to see the teacher immediately upon their return to make up work.

Student Evaluation

A grade for each semester will be assessed for both process and product. Process is the continual practice needed to improve writing, reading, speaking, listening, viewing, and representing skills. Product is the end result of a student's efforts. Process is weighted 40% and product is weighted 60% in the calculation of the semester grade.
