

# Reading Comprehension

GRADE  
**3**

WEEK  
**12**

**Nonfiction Text Features**  
Students look at text features, such as headings and captions, to understand what they read.

**Visual Information**  
Students describe how pictures, charts, graphs, and other visual elements can help them understand a topic.

DAY  
**1**

English students who understand text features can draw their lessons with a real point of view and heading in a sentence, or you can use the nonfiction text features on the graph. You'll remember that it's important to look at all the features on the page and get the main idea from the information at the top of the page about. These visual elements of the text are important information strategies, which are taught during Week 4. You'll use them to look at all the features on the page, but we need to give students the support that help us to understand what the author means or to know or that help us to understand what we are reading. They include underlines, boldface, italics, and so on. You'll use them to complete the skill and writing practice.

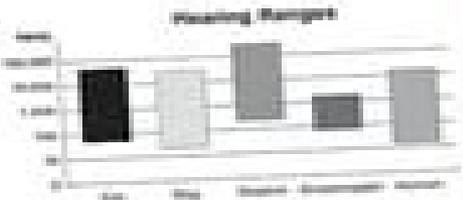

Name: \_\_\_\_\_

Visual Information **WEEK 12 DAY 1**

**Read the passage.** Use the information to help you understand the graph.

### Hearing Highs and Lows

Every sound has a pitch. The pitch of a sound is how high or low the sound is. Study the graph. Each bar shows the lowest pitch to the highest pitch heard. The numbers are given in a measurement called hertz. Phones over 20,000 hertz are too high for humans to hear.

Animal	Lowest Pitch (hertz)	Highest Pitch (hertz)
Dog	0	10,000
Pig	0	20,000
Horse	0	30,000
Squirrel	0	40,000
Whale	0	50,000

**Assessment:** Read the text. Write your responses.

1. What is the purpose of this graph?
