Mind Control 101 Dantalion Jones,2007-11 Why would someone write a book on Mind Control Because as much as we try to elevate ourselves above being human animals we are in fact animals We are subject to the wants and desires of any being with a genome and vertebrae To rise above that is an

admirable and a task we should take on as a worthy spiritual endeavor But to deny that we are truly animals is to lie to ourselves We must deal with people who may not be so enlightened advanced as we are They may desire what we have and be secretly filled with envy and contempt The worst event is to have these suspicions fulfilled and then be pulled down into the politics of man Do we deny that it s happening and hope others will be touched by our honesty and good will enough to change Or do we drop our highest spiritual ideals and play their game I would like to suggest a radically different strategy Take the game of manipulation and Mind Control and make it a part of your spirituality Mind Control Hypnosis Dantalion Jones,2014-07-10 As a rule I no longer give hypnotic suggestions to my clients The result is that hypnosis works every time for every client I have This second edition of Mind Control Hypnosis invites anyone interested in hypnosis to consider how as a hypnotist making a few seemingly small changes can give you unbelievable results Here are few gems that you ll learn from reading Mind Control Hypnosis You ll learn how to increase your effectiveness as a hypnotist by never giving a hypnotic suggestion What YOU believe as a hypnotist has a direct result on your effectiveness You ll learn some central beliefs held by the best hypnotists alive You ll learn how to create hallucinations in people in and out of hypnosis You ll learn how to program your clients mind to say Yes automatically to ALL your instructions This make hypnosis easy for you and effective for them You ll learn why direct hypnosis as opposed to permissive or Ericksonian hypnosis is the most direct and fastest way to get results You ll learn why most hypnotist don t tell the truth when they claim You can t be hypnotized to do something against your will The truth is OF COURSE YOU CAN it s just not always a good idea Most hypnotists will tell you You can t be made to do something in hypnosis that is against your Will Most of them actually believe it But a few of the most experienced hypnotists simply say it to put people at ease They know that in the right hands very few people can resist a skilled hypnotist Skilled hypnotists know what it takes to resist suggestions and it s not what most people would think There are two reasons hypnotists continue to hold so tightly to this information about the human Will Reason 1 Because they don t want others to have the power they have In spite of what they may want you to believe hypnotists are human beings They have egos and ambitions just like everyone else lot of hypnotists discover something that works really well and they ll want to keep it to themselves I m no different I sat on this for over a year before I decide to put it to print Reason 2 Because it frightens away clients who believe they have some sort of Will Power The belief that we have control over our lives is one of our central needs that help us feel secure But the fact is most people have very little real Will Power For most people real Will Power is a myth a story even a fantasy Facing this truth for most people is a humbling experience The secret of the human Will is that it s much easier to overcome than anyone has ever thought The good news is that these secrets can help hypnotists and their clients to improve Hypnotists become more effective and more compassionate and their clients discover exactly what they can do to the get most from any hypnosis session The book Mind Control Hypnosis describes how skilled hypnotists bypass the human Will and get people to do things that seem out of the ordinary Thankfully most of these hypnotists are good and

decent people who use this knowledge to help people improve their lives **Perfected Mind Control** Dantalion Jones,2006-08 Perfected Mind Control The Unauthorized Black Book of Covert Hypnotic Mind Control This is advanced material that include so called hypnotic processes that are so powerful I ve made the cost of the book prohibitive to only the most serious Just preview the first few pages and you should get the picture Perfected Mind Control is about training people to do things because they are pleasurable This is the exact opposite to what most people think of as mind control In fact the old versions of mind control aren t fun and take too much effort There is an example of an hypnotic orgasm which you ll learn about in Perfected Mind Control **The Ellipsis Manual** Chase Hughes,2017-02-14 Originally written as a manual for intelligence field operations You ll stop believing in free will LISA SCHMIDT HUFFINGTON POST One look at the table of contents will give you an oh my God moment The Ellipsis Manual is the kind of book that used to be locked away deep in a vault underground far away from the prying eyes of those who could misuse its power With chapter titles like Methods of physically hacking the brain and Shutting off human willpower what you re about to learn could make even the most well trained CIA operative blush And that s what leads me to say that if you re going to pick up your copy of The Ellipsis Manual today you ve got to make a firm commitment not to go to the dark side with this material Because once you go through these pages you ll be able to See through the masks people wear exposing fears and insecurities no one else can see Instantly detect when a partner boss or even a friend is lying to you Covertly influence anyone any time with NO chance of being caught Hijack peoples deepest thoughts feelings and favorite gestures and leverage them to your advantage Implant whatever ideas and beliefs you want into the minds of people you want to persuade control or seduce and a WHOLE lot more And once you have these powers trust me the temptation to misuse them will certainly be strong Fight the urge Stay true to your principles And use what you re about to learn to help yourself and others for your own good as well as theirs Author and persuasion expert MICHAEL WITCOFF One of the most frighteningly powerful books imaginable It shows how to make a real life Manchurian Candidate complete with alternate personalities and amnesia A process I didn t feel was possible till now DAVID BARRON a k a DANTALION JONES 8 time bestselling author including Mind Control 101 If there was a manual on how to be James Bond this is it TIM O KEEFE Chase Hughes is like Robert Cialdini on steroids ZACH HANDA *Mind Control - An Owner's Manual for the New Human Being* Michael Mathiesen,2024-12-20 Mind Control is the first Owner s Manual that will help usher in a new species of human being a species who will respect their home planet and put it first above all other priorities I call him Homo Planetae or Man of the Planet Homo Sapiens or the Wise Man is no longer viable since it is this species that has brought us to the edge of extinction and the total destruction of this planet s habitat something no other creature in history has been so careless and greedy to do We did that Through your increased abilities of using your mind or Mind Control as this author defines it we still have a chance to redeem ourselves and save this planet but time is of the essence and is rapidly running out In this book you will find the new rules of our future evolution some mind
