The SketchUp software interface for a 3D model of a house. The View menu is open, and the Windows window is also open. The Windows window shows a list of open windows.

To address the first two window-pane issues, SketchUp uses several different windowing styles in the Windows window that's open in Figure 1-1. You can open and close these as needed to manage the Windows space. With the tools in these windows, you'll apply color and shading to your models, define materials, create groups, add shadows and lighting effects, and export your project.

Don't Be Afraid to Play

Whenever you're learning a new software tool, it's important to explore the interface and see what you can do. Don't be afraid to play with the software. The software is designed to be fun to use, and you'll learn a lot from it. The software is designed to be fun to use, and you'll learn a lot from it. The software is designed to be fun to use, and you'll learn a lot from it.

SketchUp's menu bar is styled with the most popular, such as File, Edit, Window, and Help. SketchUp's View menu is a little different from the ones in most programs (Figure 1-2). The View menu has items in the SketchUp window that you can't see in 2D, including things like showing guides, wireframe, transparency, and more different windowing. If you're looking for tools that change over time of the SketchUp window, such as a Group or the tool that opens the Layers menu.
