

FUTURE-ORIENTED TECHNOLOGY ANALYSIS

Technology forecasting

Attempt to predict the future characteristics of useful technological machines, procedures or techniques. It does not have to state how these characteristics will be achieved [10].

Technology Assessment

Examination of the impact that an introduced or developed technology may have on society, environment and economy.

- study of the an existing or emerging technology, its potential and possible applications,
- envisioning its direct and indirect (intended and unintended) technical, economic, health, environmental, human social and other consequences,
- reflection about the consequences from the perspective of the assumed values,
- recommendation of possibilities for action and design, supporting decision makers in taking informed action.

Technology foresight

Process which aims to build visions of the long-term future of science, technology, economy and society by identifying strategic areas of science and technology to ensure the maximum economic and social benefits [13].
