# The Power of Three for Persuasion

To use the power of three to write persuasive sentences.

WCT

## The Power of Three

The power of three is when we use three adjectives to describe something.  
*The forest is **misty**, **misty** and **moist**.*

People are more likely to pay attention and remember when information is given in threes.

We can use the power of three when describing something and when trying to persuade someone.

WCT

## The Power of Three

When we use the power of three, we can use it in a sentence opener or in the middle of a sentence.

***Beautiful, misty and moist** beaches are waiting just around.*

***Open, open and content**, the machine will be at your disposal the price of a button.*

Practice these sentences in the power of three (it's a sentence opener).

WCT

## The Power of Three

and		enjoyable
often		and
will be		hard to
break		enough

We can use our three adjectives to form a sentence using the power of three to persuade someone against learning our friend's idea.

WCT

## The Power of Three

Practice some of these sentences and include the power of three.

Wouldn't you like to experience a luxury **space**? The hotel is the **best** thing you've ever seen before with its state of the art **facilities**. It is **luxurious**. If you don't visit, you will be with **regret** for the rest of your life.

 Talk to your partner.

WCT

## The Power of Three

Wouldn't you like to experience a **beautiful, misty and moist** space? The hotel is the **best** thing you've ever seen before with its **state of the art, sophisticated and modern** facilities. **Luxury, spacious and spacious** is waiting for you behind those hotel doors. If you don't visit, you will live with **regret, sorrow and envy** for the rest of your life.

Use any type of literary techniques, we shouldn't use too many sentences which use the power of three.

If we use it too much, our writing can become predictable for the reader and it can lose its impact.
