Globalization Steger Chapter Summary

Alcántara-Pilar, Juan Miguel

Globalization Steger Chapter Summary:

Globalization Manfred B. Steger, 2023 Globalization is one of the defining buzzwords of our time describing a variety of accelerating economic political and cultural processes that constantly change our experience of the world This book provides an exploration of both the causes and effects of the phenomenon

Globalization and American Popular Culture Lane Crothers, 2007 This concise and insightful book examines the way that American movies music and television_ as goods marketed and consumed around the world_ are key elements of contemporary globalization Lane Crothers offers a nuanced exploration of these influential cultural products and their contradictory impact in some cases promoting a desire for integration into the broader world community in others generating disgust and outright rejection Concluding with a projection of the future influence of American popular media this book makes a powerful argument for its central role in shaping global politics and economic development

Global Bioethics Henk ten Have, 2016-02-10 The panorama of bioethical problems is different today Patients travel to Thailand for fast surgery commercial surrogate mothers in India deliver babies to parents in rich countries organs body parts and tissues are trafficked from East to Western Europe physicians and nurses migrating from Africa to the U S thousands of children or patients with malaria tuberculosis and AIDS are dying each day because they cannot afford effective drugs that are too expensive Mainstream bioethics as it has developed during the last 50 years in Western countries is evolving into a broader approach that is relevant for people across the world and is focused on new global problems This book provides an introduction into the new field of global bioethics Addressing these problems requires a broader vision of bioethics that not only goes beyond the current emphasis on individual autonomy but that criticizes the social economic and political context that is producing the problems at global level This book argues that global bioethics is a necessity because the social economic and environmental effects of globalization require critical responses Global bioethics is not a finished product that can simply be applied to solve global problems but it is the ongoing result of interaction and exchange between local practices and global discourse It combines recognition of differences and respect for cultural diversity with convergence towards common perspectives and shared values The book examines the nature of global problems as well as the type of responses that are needed in order to exemplify the substance of global bioethics It discusses the ethical frameworks that are available for global discourse and shows how these are transformed into global governance mechanisms and practices

The International Business Environment Leslie Hamilton, Philip Webster, 2012-01-19 The International Business Environment Second Edition prepares students for the realities of global twenty first century business Building on the success of the previous edition it employs a wide range of examples from BRIC and CIVETS economies and offers chapters on CSR the ecological environment and corporate social responsibility Authors Leslie Hamilton and Philip Webster discuss the process of globalization the global economy and the impact of that economy on international business organizations Using a PESTLE framework they analyze the economic

political legal financial technological socio cultural and ecological environments clearly outlining the factors that affect the everyday business of organizations Adopting a truly international approach this full color visually engaging text features a wealth of examples and case studies Each chapter begins and ends with a one page case study and fifty additional mini cases address such compelling issues as civil unrest in North Africa the Japanese earthquake and tsunami Wikileaks and Google in China Organizations including BP Dell Domino s Pizza Apple and Procter Gamble are featured throughout the book A Companion Website offers numerous resources for students and instructors

An Introduction to Global Studies Patricia J. Campbell, Aran MacKinnon, Christy R. The SAGE Handbook of Intellectual Property Matthew David, Debora Halbert, 2014-11-18 This Handbook brings together scholars from around the world in addressing the global significance of controversies over and alternatives to intellectual property IP today It brings together over fifty of the leading authors in this field across the spectrum of academic disciplines from law economics geography sociology politics and anthropology This volume addresses the full spectrum of IP issues including copyright patent trademarks and trade secrets as well as parallel rights and novel applications In addition to addressing the role of IP in an increasingly information based and globalized economy and culture it also challenges the utility and viability of IP today and addresses a range of alternative futures

Brand Culture and Identity: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources, 2018-10-05 The world of brands is undergoing a sea change in the domain of consumer culture and it has become a challenge to cater to the taste and needs of audiences The process of creating iconic brands varies from product to product and market to market Effective branding strategies are imperative for success in a competitive marketplace Brand Culture and Identity Concepts Methodologies Tools and Applications is a vital reference source for the latest research findings on the use of theoretical and applied frameworks of brand awareness and culture Highlighting a range of topics such as consumer behavior advertising and emotional branding this multi volume book is ideally designed for business executives marketing professionals business managers academicians and researchers actively involved in the marketing industry

Summary of Manfred B. Steger's Globalization Everest Media, 2022-05-07T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The term globalization has been used in both the popular and academic press to describe a process a condition a system a force and an age However these concepts have very different meanings and their indiscriminate usage leads to confusion 2 There are three concepts that need to be distinguished when discussing globality global imagination

global imaginary and globalization Global imagination is the growing consciousness of the world as a single whole Global imaginary refers to people's growing consciousness of the world as a single whole Globalization is the process of transforming our present social condition of conventional nationality into one of globality 3 Globalization is the process of growing global connectivity fueled by digital technologies However it would be foolish to deny that these technological innovations have played a crucial role in the current compression of world time and world space 4 In 2014 American journalist Matt Stopera lost his cell phone which contained thousands of private photos of an Asian man standing in front of an orange tree He received many tweets from Chinese people offering to help find the man and he became an overnight Internet celebrity in China

Corporate Diplomacy

Ulrich Steger, 2003-01-06 Based on a wealth of empirical studies and numerous case studies this book explains the strategic choices companies have to make in order to remain consistent with their business agenda as well as credible to their stakeholders

Globalism

Manfred B. Steger, 2002 Globalism The New Market Ideology rejects the notion that we find ourselves at the end of ideology and that democracy has won Instead Steger argues that the opening decade of the 21st century will constitute a teeming battlefield of clashing ideologies The chief protagonist is the dominant neoliberal market ideology Steger calls globalism After identifying and evaluating the five central claims of globalism including assertions that globalization is inevitable nobody is in charge of globalization and globalization benefits everyone Steger offers an overview of the counterclaims made by anti globalist forces Visit our website for sample chapters

Human Rights, Regionalism and the Dilemmas of Democracy in Africa Lennart Wohlgemuth, Ebrima Sall, 2006 It has often

been argued that the concept of human rights is an artefact of modern Western civilisation that human rights in the South are privileges conferred These approaches have taken little cognisance of the place accorded to the societal rights held in such esteem as complementary to individual rights in traditional African society In contrast this study argues that human rights in Africa are as much about the dignity of Africans as about the commitments of others towards them It argues for a critical defence of universal human rights within a multicultural framework From historical perspectives it illustrates how the slave trade and then colonialism undermined the traditional balance of individual and societal rights
