**The Drama All Over a Father's First Love** Mandell Williams, 2021-06-03 As the country fights against injustice in the criminal department, there has also been an unspoken injustice brewing in the family court system for way too long. For over twenty-one years I have dedicated my life to spotlighting the dark side of an outdated system affecting so many lives. I've learned firsthand of this biased, one-sided system that has stolen my firstborn away from me. My story of these events that has transpired throughout two decades has been well-documented with the facts of my case in its entirety. The surrounding drama, marked by family court and fueled by a relentless baby mama, has led me on a journey for justice for a daughter I never knew. Just like so many others who have fought and lost the right to be a parent, my mission now is to change and expose the truth of this corrupt culture that touches across all racial barriers and wealth status. History has shown us that a father's love is one of the most important key figures in a child's life. To undertake that away purposely can be an atrocity affecting generations to come. But who knew the fight for my daughter would ultimately catapult my life into a direction for change and a front-row seat to a new normal that affects us all.
