Let It Go From Frozen:

Children and Materialities Casey Y. Myers, 2019-06-17 This book makes the case for young children as both keenly materially aware of and highly dependent on sets of interrelated material discursive circumstances It argues that long term engagement with children around the topic of meaning matter relations upends many taken for granted notions of consumption self regulation knowledge production and what constitutes quality of life within a school setting The book provides complex accounts of agency on multiple scales the capability of children to shape and share research the force of objects stuff and things to impact the social workings of a classroom and the impact of nonhuman animals on the trajectory of the ways in which children relate to each other This work makes a significant contribution to both theoretical conceptions and practical enactments of childhoods productively addressing the many contradictions inherent in a posthuman and participatory approach to researching with young children It also offers insights into how the everyday materialities of children s classrooms and their complex representations are capable of disrupting the common sense order of things
