Coaching Kids Flag Football Danford Chamness,2002 This book was written expressly for you who are coaching children in Flag Football We stress how to teach children to play this game and to have fun doing it The book covers all facets of the game from the most basic how to pass receive run and grab the flags to game strategies and tactics When coaching children it should be a fun experience for every one for you for the parents and most important of all for the children As a coach we cover the teaching attitude and methods We always keep in mind that these are children and the game is for the kids and not for the adults Winning isn't everything but learning to play well and wanting to win is We have taken the children from first grade through the eighth grade and broken them into three categories In each category we discuss the players needs and abilities what they are capable of in both the physical and emotion sense and their limitations We have also defined the coach's role the parent's role and the player's role

Coaching Flag Football Jason Richardson, After over two decades of coaching youth sports Jason is sharing some of the secrets of success This book will take you from pre season to post season helping you survive and enjoy your volunteer time Focusing on the reason we are volunteering our kids you'll walk into practices and games with more confidence that you are bringing value to their time Although this is geared toward parents who are fairly new to coaching or new to coaching flag football it is also relevant to coaches that were assistants but never head coaches and any coach that may have struggled coaching flag football in the past There are drills to run during practices and a methodology for easily communicating plays to the kids That methodology applies to the 5 on 5 that most leagues run but can expand to other leagues as necessary It's also flexible enough to take advantage of the flag football plays you can find with a simple Internet search Jason also focuses on teaching defensive skills like flag pulling techniques and staying home We know that you want confidence in your coaching while making sure your child and their teammates are both having fun and improving The focus of this book is to make sure both you and those players are covered Expect answers to the following questions What do I need to focus on in practice What drills can I run to keep players engaged active and improving How do I teach the players the plays and have them run them during the games How do I take the millions of plays that are on the Internet and adapt them How do I teach my players how to defend Effectively What should I be doing before the games after the games What should I be saying to the parents What happens after the last game
