**Pioneering Portfolio Management** David F. Swensen, 2000 In his fourteen years as Yale s chief investment officer David Swensen has revolutionised management of the university s investment portfolio By relying on non conventional assets including private equity and venture capital Swensen has achieved a remarkable annualised return of 16.2 percent which has added more than

2 billion to Yale's endowment. With his exceptional performance record prompting many other institutional portfolio managers to emulate his approach, Dr. Swensen has long been besieged by professionals in the field to write a book articulating his philosophy and strategies of portfolio management. **PIONEERING PORTFOLIO MANAGEMENT** provides a road map for creating a successful investment programme. Informed by Swensen's deep knowledge of financial markets and ranging from the broad issues of goals and investment philosophy to the strategic and tactical aspects of portfolio management such as handling risk, selecting investment advisers, and negotiating the opportunities and pitfalls in individual asset classes, the book provides a vital source of information for anyone involved in institutional investments.

**Beyond Smart Beta** Gökhan Kula, Martin Raab, Sebastian Stahn, 2017-04-03. Delve into ETFs for smarter investing and a weatherproof portfolio. **Beyond Smart Beta** is the investor's complete guide to index investing with deep analysis, expert clarification, and smart strategies for active portfolio management. From the general to the obscure, this book digs into every aspect of Exchange Traded Funds (ETFs), including ETCs and ETNs, to break down the jargon and provide accessible guidance on utilising the indices as part of a more productive investment strategy. Succinct explanations of terms and concepts help you better grasp ETF anatomy, mechanics, and practices, while examples, charts, and graphs provide quick visual reference for total understanding. The expert author team examines the risks and benefits associated with various indexing approaches, sharing a critical review of next-generation methods to help you make well-informed investment decisions. ETFs provide a solid foundation within mature and well-researched markets, allowing investors to focus on areas where active management has the potential to reap higher returns. This book shows you how to take full advantage of the growth of this market to strengthen your portfolio for the long term. Assess the current landscape and the anatomy of ETFs. Understand ETF handling costs, trading, and investment. Evaluate the pros and cons of next-generation indexing approaches. Avoid risk while incorporating indices into an active portfolio management strategy. Index concepts have evolved from basic passive investments through Smart Beta and are evolving into a third generation of products that will quickly become an important element of investor portfolios. Key benefits have propelled ETFs to surpass hedge funds in global capital, and the growth shows no sign of slowing. **Beyond Smart Beta** provides a primer for investors seeking to understand and take advantage of these lucrative new products.
