

QUICK START GUIDE

Check the accessories and premiums

The first time after opening the box to count the accessories and premiums are next and intact.

Some of the accessories are placed in the inner barrel or in the collection box.

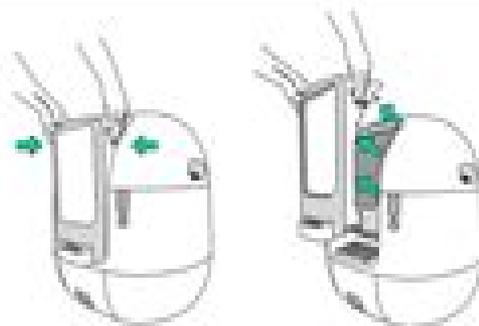

(The illustration is a generic version. The model shown is the Pro version.)

1

Disassemble the machine

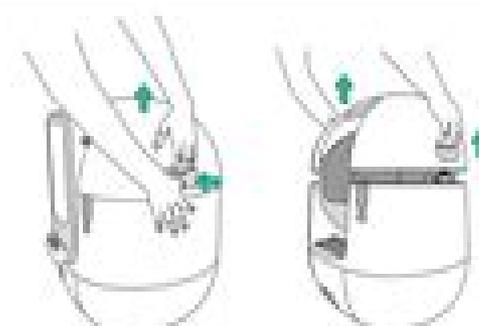

Please follow the steps:

1. Remove the external protective film of the machine
2. Remove the door frame and the top cover

Remove the door frame by holding down the clips inward on both sides of the top of the door frame at the same time, and install the same way.

Remove the door frame

Hold the top cover with one hand, press the side (clasp) of the top cover with the other hand, after the clasp is loosened, lift the top cover upward to complete disassembly.

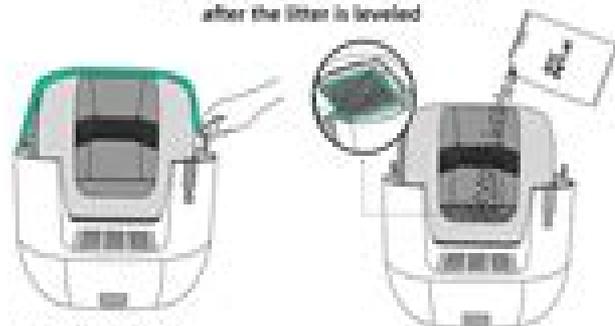

Remove the top cover

2

Add cat litter correctly

It is recommended to use bentonite clay litter or crushed tofu litter.

Be careful not to exceed the edge of the soft rubber pad of the inner barrel after the litter is leveled.

After opening the top cover, remove the protective film of the inner barrel inside the machine.

Small granular tofu cat litter 2.7-3.5kg
Bentonite cat litter 1-3.5kg

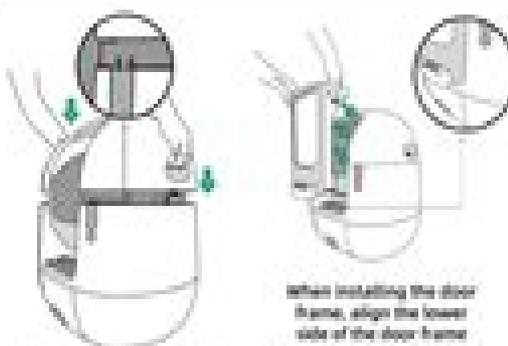

Peel off the protective film on the machine

Pour in the cat litter

3

Installation and placement of the litter box

Place the litter box on a flat surface, with no other objects around or on top.

Align the connection column along the screen and the flap suspension on both sides, and press firmly after alignment.

When installing the door frame, align the lower side of the door frame with the body, and press both sides of the flap to install in place. If the door frame is not installed correctly, the machine will keep beeping.

Install the top cover

Be careful not to let the door frame protrude

When placing the cat litter box, keep the floor clean/level, not against the wall all around, and do not stack items around and on top of the machine. Irregular placement will affect the accuracy of the weight sensor and trigger the cat protection mode.

Notes on the placement of the cat litter box
