Litha School Of Nursing:

Litha 2005 Daniel Bran Griffith,2009-05-23 Triangulum Masande Ntshanga,2019-05-14 *Triangulum* is an ambitious often philosophical and genre bending novel that covers a period of over 40 years in South Africa s recent past and near future starting from the collapse of the apartheid homeland system in the early 1990s to the economic corrosion of the 2010s and on to the looming large scale ecological disasters of the 2040s In 2040 the South African National Space Agency receives a mysterious package containing a memoir and a set of digital recordings from an unnamed woman who claims the world will end in ten years Assigned to the case Dr Naomi Buthelezi a retired professor and science fiction writer is hired to investigate the veracity of the materials and whether or not the woman s claim to have heard from a force more powerful than humankind is genuine Thus begins TRIANGULUM a found manuscript composed of the mysterious woman s memoir and her recordings Haunted by visions of a mysterious machine the narrator is a seemingly adrift 17 year old girl whose sick father never recovered from the shock of losing his wife She struggles to navigate school sexual experimentation and friendship across racial barriers in post Apartheid South Africa When three girls go missing from their town on her mother s birthday the narrator is convinced that it has something to do with the machine and how her mother also went missing in the 90s Along with her friends Litha and Part she discovers a puzzling book on UFOs at the library the references and similarities in which lead the friends to believe that the text holds clues to the narrators s mother s abduction Drawing upon suggestions in the text she and her friends set out on an epic journey that takes them from their small town to an underground lab a criminal network and finally a mysterious dense forest in search of clues as to what happened to the narrator s mother With extraordinary aplomb and breathtaking prose Ntshanga has crafted an inventive and marvelous artistic accomplishment
