Catalog: Units of Work, Activities, Projects, Etc., to 1932, 1932 **The Imperial Army Project** Douglas E. Delaney, 2018-01-25 How did British authorities manage to secure the commitment of large dominion and Indian armies that could plan fight shoot communicate and sustain themselves in concert with the British Army and with each other during the era of the two world wars What did the British want from the dominion and Indian armies and how did they go about trying to get it Douglas E Delaney seeks to answer these questions to understand whether the imperial army project was successful Answering these questions requires a long term perspective one that begins with efforts to fix the armies of the British Empire in the aftermath of their desultory performance in South Africa 1899 1903 and follows through to the high point of imperial military cooperation during the Second World War Based on multi archival research conducted in six different countries on four continents Delaney argues that the military compatibility of the British Empire armies was the product of a deliberate and enduring imperial army project one that aimed at standardizing and piecing together the armies of the empire while at the same time accommodating the burgeoning autonomy of the dominions and even India At its core this book is really about how a military coalition worked *From Empathy to Action: Empowering K-6 Students to Create Change Through Reading, Writing, and Research* Chris Hass, Katie Kelly, Lester Laminack, 2025-09-10 How can we move children from simply talking about things to learning to take action and feeling empowered to enact change This book shows you exactly what this can look like in an elementary class setting It details the structures and instructional strategies classroom teachers can adopt to help their children create positive outcomes for their communities while also building identities for themselves as real agents of change Topics include building empathy and compassion helping students become aware of issues within their communities creating brave environments so students can engage in productive discussions around sensitive topics engaging students in research that answers their needs and those of their community and supporting students into action Classroom examples practical tools and student voices are featured throughout With this book by your side you can debunk the false deficit based assumptions that young people aren't ready for activism and you'll see what is possible when we commit ourselves to integrating civic learning into our classroom literacy instruction ...
