1. Based on the grid below, identify each function below as being either a linear or a quadratic function.

2. Identify each of the functions below that are **quadratic** (blue) and those that are **linear** (orange). Write your answer next to the function by looking at the function's graph. **Hint:** Look at the behavior of graphs.

This is being repeated after the end of the same section.

Remember, the functions that are **quadratic** are graphed in blue and the **linear** functions are graphed in orange. Write a label next to each graph.
