Himself Track Series 3:

The Bull Within Devon Kelly, 2011-07-14 In the spring of 2005 a group of men began a journey that lasted for a year and a half covered thousands of miles and would change their lives forever Over the course of two seasons the cross country team at Downers Grove South High School rose from obscurity to one of the most formidable teams in the state capturing the hearts and minds of athletes around the state with their courageous effort Together they would go on a fantastic ride experiencing unprecedented success and enduring heart breaking failure This is not just a sports story This is a story about brotherhood and overcoming impossible odds to achieve greatness Legends of the Fall tells a story of what is possible when people put their minds to a common goal At the end of it all the men of Downers South would be forever remembered as legends for their courage fortitude but most of all for how they inspired so many with their amazing story *Kwaito's Promise* Gavin Steingo, 2016-06-15 In mid 1990s South Africa apartheid ended Nelson Mandela was elected president and the country's urban black youth developed kwaito a form of electronic music redolent of North American house that came to represent the post struggle generation In this book Gavin Steingo examines kwaito as it has developed alongside the democratization of South Africa over the past two decades Tracking the fall of South African hope into the disenchantment that often characterizes the outlook of its youth today who face high unemployment extreme inequality and widespread crime Steingo looks to kwaito as a powerful tool that paradoxically engages South Africa's crucial social and political problems by in fact seeming to ignore them Politicians and cultural critics have long criticized kwaito for failing to provide any meaningful contribution to a society that desperately needs direction As Steingo shows however these criticisms are built on problematic assumptions about the political function of music Interacting with kwaito artists and fans he shows that youth aren't escaping their social condition through kwaito but rather using it to expand their sensory realities and generate new possibilities Resisting the truism that music is always political Steingo elucidates a music that thrives on its radically ambiguous relationship with politics power and the state **Exploring the Land of Ooo** Paul A.
