

Error Message

Error warns the operator not to advance to the next operation caused by a wrong operation or the access method when using the programming pendant or an external equipment (computer, PLC, etc.).

When an error occurs, confirm the content of the error then release the error.

To release the error, perform either of the following operations:

- Press [CANCEL] on programming pendant.
- Input alarm/error reset signal (system input).
- Select {CANCEL} of error dialog box.

An error is different from an alarm because it does not stop the robot even if it occurred while the robot was operated (during playback).
