**Pranic Healing for Beginners** Felicity Paulman,2025-08-17 It is easy for us to take the energy we have available for granted as we go about our day to day lives We get out of bed in the morning and immediately get to work but during this time we don t give much thought to the significant part that energy plays in our lives But what if we were unable to maintain our energy levels How would we even make it A major drop in quality of life would result for many of us if we were unable to maintain our current level of energy We would experience fatigue constantly and as a result would probably be less productive at work or school There s a possibility that getting out of bed in the morning will be a struggle for both of us And if our energy levels were low for a lengthy period we were more likely to suffer major health issues All facets of life require energy in some form or another It s what keeps us alive and enables us to move breathe and think It s what keeps us going whether we re putting in a lot of effort at work or when we re competing in a sport And this is what contributes to our overall sense of well being and good health When our energy reserves are depleted though everything becomes more challenging Low energy can bring on fatigue and sluggishness and in some cases physical symptoms such as headaches or digestive discomfort For certain individuals a prolonged drop in vitality may contribute to conditions like clinical depression or other

significant health concerns Factors such as ongoing stress unbalanced nutrition and insufficient rest are among the many influences that can drain energy reserves What if on the other hand I told you that there was a method to increase your levels of energy without having to rely on sugar or caffeine That there existed a technique that could rid your body of unhealthy energy and promote healing at the same time However there is and it is a practice known as pranic healing In this beginner s guide we ll tackle the following subtopics about pranic healing What is prana What is pranic healing History of pranic healing The 3 levels of pranic healing How does pranic healing work The 4 steps of pranic healing Techniques incorporated with pranic healing The benefits of pranic healing Advantages of pranic healing Pranic healing for specific conditions Differences between pranic healing and Reiki Risks of pranic healing A potential 5 step guide on how to do pranic healing on your own Side effects of pranic healing If you re interested in this holistic technique of healing keep reading until the end [Your Hands Can Heal You](#) Master Stephen Co, Eric B. Robins, 2007-11-01 What if one of the most effective tools you have to restore your health is not surgery or medications but your own hands Incredibly your hands can heal you with the energy medicine of Pranic Healing A powerful system that is rapidly increasing in popularity Pranic Healing works with your own natural vital energy which is also called prana to accelerate your body s innate self healing ability Amazingly easy to learn and apply Pranic Healing uses a series of powerful but simple methods to generate energy including non touch hand movements energetic hygiene the practice of keeping your personal energy tank clean and full breathing and brief meditations Using these unique techniques you can identify clear and purify unhealthy imbalanced energy and replace it with fresh energy that helps your body heal itself from a wide range of physical psychological and emotional symptoms and disorders A self healing guide for 24 ailments including physical and sports injuries chronic arthritis irritable bowel syndrome insomnia hypertension headaches backaches congestion and colds menstrual cramps even depression and stress related disorders is included With step by step instructions line drawings and numerous real life medical stories Your Hands Can Heal You demonstrates and explains a revolutionary program that anyone can use to harness the energy of body mind and breath to produce health and facilitate repair Personally trained by Grand Master Choa Kok Sui who developed Pranic Healing the authors Master Co and Dr Robins provide the same detailed guidance in Your Hands Can Heal You as in the popular Pranic Healing workshops Additionally they present for the first time in any book the Grandmaster s special modifications to the breathing practices that can dramatically increase your power and energy and rejuvenate and balance your physical emotional mental and spiritual body This exciting new mind body health reference proves that you can heal yourself with your own two hands
