**Educational Policy Borrowing in China** Charlene Tan, 2016-02-22 For over a decade Mainland China has been embarking on an ambitious nation wide education reform New Curriculum Reform for its basic education The reform reflects China's propensity to borrow selected educational policies from elsewhere particularly North America and Europe Chinese scholars have used a local proverb the West wind has overpowered the East wind to describe this phenomenon of looking West But what do we mean by educational policy borrowing from the West What are the educational policies in China's new curriculum reform that are perceived to be borrowed from the West To what extent have the borrowed educational policies in China's new curriculum reform been accepted modified and rejected by the various educational stakeholders How does culture influence the various educational stakeholders in China in interpreting and mediating educational policy borrowing from the West How do the findings of this study on China's education reform inform and add to the existing theories on and approaches to on cross cultural educational policy borrowing This book answers the above questions by critically discussing China's policy borrowing from the West through its current reform for primary and secondary education It presents the latest in depth research findings from a three year empirical study 2013 2015 with school principals teachers students and other educational stakeholders across China This study offers new insights into China's educational policy borrowing from the West and international implications on cross cultural educational transfer for academics policymakers and educators

*Climate Change Education* Chang Chew Hung, 2022-12-30 Climate change is complex and there is a need to educate our future generations so that they are able to deal with the plethora of information and views that they come into contact with in their lives This book inquires into what it means to teach and learn about climate change Now in its second edition Chang further explores what education for climate change entails discussing the concept of climate change education CCE itself how it is taught in schools and how public education is being carried out Featuring updated literature in a quickly advancing field the book defines CCE for the global citizen and looks at pedagogies supporting CCE It also identifies teachers as key stakeholders in climate change discourse how to improve teacher readiness on the topic and how teacher professional development can support successful implementation of CCE This book will be invaluable to climate change educators and can act as a reference resource for teachers education policymakers and public education agencies

**A University Education** David Willetts, 2017-11-17 Universities have a crucial role in the modern world In England entrance to universities is by nation wide competition which means English universities have an exceptional influence on schools a striking theme of the book This important book first investigates the university as an institution and then tracks the individual on their journey to and through university In *A University Education* David Willetts presents a compelling case for the ongoing importance of the university both as one of the great institutions of modern society and as a transformational experience for the individual The book also makes illuminating comparisons with higher education in other countries especially the US and Germany Drawing

on his experience as UK Minister for Universities and Science from 2010 to 2014 the author offers a powerful account of the value of higher education and the case for more expansion He covers controversial issues in which he was involved from access for disadvantaged students to the introduction of 9 000 fees The final section addresses some of the big questions for the future such as the the relationship between universities and business especially in promoting innovation He argues that the two great contemporary trends of globalisation and technological innovation will both change the university significantly This is an authoritative account of English universities setting them for the first time in their new legal and regulatory framework Educational Psychology: Constructing Learning Dennis M McInerney,2013-08-15 Educational Psychology Constructing Learning 6e sets the standard for educational psychology texts in Australia and New Zealand with its comprehensive authoritative and research based coverage of the subject This edition includes completely updated content to reflect recent advances in the discipline including revised theory into practice features from 39 international developmental psychologists The author has retained the constructivist approach that made previous editions so engaging and relevant to student teachers and content has been constructed around the new Australian Profession Standards for Teachers
