Systemic Black American Poverty in Northwest Louisiana Stephen Pinkney, 2026-01-09

Caddo Parish Louisiana is a region marked by high poverty rates among Black residents

In this parish the Black American population surpasses the White population and poverty among African Americans is more than double that of White residents

The poverty rate for Black Americans in Caddo Parish also exceeds both the state average for Louisiana and the national average

A similar trend is observed in neighboring Bossier Parish

These two parishes are interconnected through their most prominent cities forming the Shreveport Bossier City Metropolitan Area

Within this metropolitan region poverty levels among Black residents are currently higher than the national average

This book examines how systemic racism has become embedded in urban development suburban sprawl political systems and other structural factors

It explores how these elements have perpetuated poverty within the Black community and hindered progress from the colonial era of Louisiana through the Civil War and into the present day in Caddo Parish
