

A close-up photograph of laboratory glassware. In the foreground, a glass beaker is partially filled with a vibrant blue liquid. To its left, another similar beaker is visible, also containing the same blue liquid. In the background, a graduated cylinder stands upright. A glass dropper is positioned above the beaker in the foreground, with a single drop of the blue liquid suspended at its tip, about to fall. The background is dark and out of focus, highlighting the glassware and the liquid. The overall color palette is dominated by the blue of the liquid and the clear glass of the equipment.
