Humble Yourself, Heal Yourself Laetitia Black, B.A.,

J.D.,2024-06-21 This is a self healing book about behavioral therapy It is a personal account of the narcissistic and emotional abuse I experienced from my parents from childhood to adulthood There are ten chapters depicting specific examples of my trauma and the Life Lessons I learned at the time I believe the people who will benefit most from this book are those who are or were the victims of parent child narcissistic abuse In my community we do not discuss or address mental illness or forms of therapy that may contribute to good mental health The end result is that those toxic patterns of behavior permeate generational lines This book is for those suffering in silence Those who are the strong ones Those who put on a happy face for the public but are suffering at home The ones who are successful in their work life but struggling in their personal life When we fail to recognize that normalizing and rationalizing our abusers behavior has detrimental effects on our state of mind we also do not recognize the red flags that show up in our dating lives work relationships and friendships Narcissism is a personality disorder so it shows up no matter the gender race or relationship Your best defense is to raise your awareness

of narcissism and other personality disorders and increase your discernment so that you are prepared for their manipulative attacks I formulated 35 Survival Tactics based on my life experiences with toxic parents and relatives that have aided in my self healing journey This book will also be useful for those religious persons who have had religion misused to support their abusers The pivotal point in my life was reading the complete Bible for myself and the realization that God had given both parents and children commandments to abide by We are taught as young children in church to submit to our parents but those parents are ones who are honorable respectable and emotionally spiritually mature Toxic parents are exempt from this category of parents and are not owed the same loyalty Disobedience to one s parents is another stigma that has to be challenged You are entitled to set boundaries with your toxic parents and stand up for yourself when facing abuse It will save your life My book was an act of faith and confirmation of God s purpose and mission for my life This was an extremely difficult task to sit recall and reflect on the emotional abuse inflicted on me from childhood to adulthood at the hands of the people I loved the most I never had the courage to share my experiences as they were happening but I realized that my healing came from sharing my experiences My journey to self healing led me to the place I am now God placed it on my heart to share my story of redemption in hopes that it would be an inspiration to those in similar circumstances I want readers to know that fear of isolation or loneliness is no justification to stay in a toxic relationship Not everyone you lose is a loss There is newfound freedom in unburdening yourself from your abuser Embrace this transformation **Heal Yourself** Anne Jones,2012 **Heal Yourself** Charlotte Helms,2015-01-06 listening to the music has a lot of advantages so he music can be utilized to ease the mind read mre to know more **How To Heal Yourself** Deepak Gupta,2020-02-25 Everyone is shattered these days and there s no one who doesn t get hurt in his life but that doesn t mean we break our hearts every day for everyone People give us pain and we try to heal it I always think when I was a little child I was never as miserable as today as I am Why Because we are growing unhappiness and guilt in our minds In the world of silence we are broken inside with loud noise We don t know what we really want Some days we are exceptionally delighted while some days we are intensely depressed Why we aren t capable to be stable for both happiness and sadness People can offer happiness and riches but not the healing process Why People think if they can live alone with ignorance then they can heal but it s not the actual process of healing **You the Healer** Silva & Stone,Robert B.
