Scooter Lifestyle Ian Grainger,2014-09-16 There has been plenty said and written about scooters over the years but until now there has been no definitive look at the culture surrounding our chosen way of life Many authors have written about mods and the infamous and often over hyped beach battles of the 1960s but hardly any have tried to capture the atmosphere of the modern scene in print We still owe the original mods for fuelling the imagination of past present and future generations and for leaving a rich scooter heritage behind them Although the mod way of life was the spark which lit the fuse for many of us the majority of scooter riders have evolved into lifestyle scooterists We may not dress in a particular style our scooters may not be adorned with lights and mirrors but we still burn with the same passion as our scooter riding ancestors It s over sixty years since the first Italian scooters rolled off the production lines but there is still a buzzing and vibrant lifestyle surrounding them The small capacity machines have overtaken the lives of thousands of us often to the detriment of everything else we hold dear Careers relationships and families have suffered for this overwhelming and expensive addiction An addiction to which there is no cure We live and breathe the sickly sweet smell of synthetic two stroke oil and worship at the altar of our chosen gods Lambretta and Vespa or occasionally Gilera and Italjet Our hands are permanently ingrained with the oily tattoo s of a thousand engine rebuilds and our major organs have suffered the long term effects of our hedonistic lifestyle Including interviews with well known scootering personalities over 150 colour photographs of award winning custom scooters best selling scooter models and information on rallies and events this book is a must have for anyone interested in these fun machines Northeast American Sports Car Races Terry O'Neil,2022-02-07 The growth of sports car racing in Northeast America was not painless Tragedy mystery subterfuge intrigue and an adherence to a particular club philosophy all featured in its story during the 1950s when professionalism in the sport was always bubbling under the surface The northeast area of America has long been considered the cradle of post World War II sports car racing the Sports Car Club of America was founded there and it was the entry point to America for a host of European sports cars Early in the 1950s road races had been permitted by some State authorities but due to fatal accidents a ban on such racing came into effect Forced to find alternative venues the motor clubs were attracted to civil airports and a few military bases But the drivers craved more challenging venues on which to hone their skills This resulted in a few individuals chancing their reputation and a great deal of money and opening purpose built circuits This book gives a unique insight into this intriguing journey through the decade Extensively researched the compelling story and stunning contemporary photos many previously unpublished paint a fascinating portrait of a nascent sport coming into its own **Motor Sport** William Boddy,1968

Runways & Racers Terry O'Neil,2022-02-07 Runways and Racers concentrates on the short transitional period 1952

1954 for sports car racing in America following the ban on public road racing in many of the States The ban left the rapidly expanding Sports Car Club of America with a problem where to hold races At precisely the same time Curtis LeMay head of Strategic Air Command was having problems obtaining funds from Congress to improve conditions on the many air bases located around the country The solution was a marriage of convenience whereby the SCCA was allowed access to active SAC air bases to hold its race programmes In return the SAC base would receive the net profits from the event which would be put into the Airmen s Living Improvement Fund As a result of some initial financial success for the SAC bases the scheme was also adopted by non SAC bases together with regional clubs with the same agreement in place Complaints from airmen alerted Congressman Errett Scrivner to potential irregularities and he ordered an audit to be conducted to ascertain precisely what it was costing the air bases to host the races His findings led to the cessation of the races ordered by Congress The product of a long period of extensive research by the author this book gives a fascinating insight into this two year period complemented by over 150 period pictures many previously unpublished **Yolande** William Black,1888
