s Thesis from the year 2023 in the subject Gender Studies grade 1 7 University of Duisburg Essen Mercator School of  
Management language English abstract Competitiveness has been traditionally thought to increase productivity However  
some studies have shown that competition can affect women s performance negatively In order to design better strategies  
that promote the performance of all genders and increase the overall performance it is important to understand why this is  
the case Therefore this thesis tries to better understand how competition tends to negatively affect women s performance by  
studying what can influence the performance in general According to Booth Nolan 2022 the type of opponent can affect  
behavior and results in competitive environments Therefore this thesis also analysis if there is a performance difference  
competing against a real person in the following called real other or an uncertain goal in the following called threshold
