

## Underwater ColorLogic™ LED Lighting Fixtures

FOR SWIMMING POOLS AND SPAS

SP0522(S) SP0530(S)  
SP0523(S) SP0531(S)

### OWNER'S GUIDE

#### INSTALLATION AND OPERATING INSTRUCTIONS

#### GENERAL INFORMATION

The Hayward® ColorLogic™ LED light-emitting diode underwater lighting fixture you have purchased is designed to mount into Hayward fixture housings (niches) manufactured 1993 and later. Hayward light fixtures may fit into other niches, but the installation will not carry a UL approval.

Hayward SP0522 and SP0523 Series ColorLogic LED pool lights are UL listed under file number E39338 and, to be approved, must be used with Hayward models SP0500, SP0501, or SP0509C fixture housings (niches). Hayward SP0530 and SP0531 Series ColorLogic LED spa lights are UL listed under file number E39338 and, to be approved, must be used with Hayward models SP0501, SP0509C, or SP0510C fixture housings (niches). Installation of light and niche must be in accordance with Article 680 of the National Electric Code (NEC) and any applicable local codes. If non-metallic conduit is used, a #8 AWG grounding conductor must be run through the conduit and connected to the grounding conductor on the inside of the niche. This connection must be encapsulated using a listed putty compound in accordance with NEC Article 680-20, such as 3M Scotch Cast Wet Niche Putty Compound No. 2155 (UL file E130094) or equivalent. This integral external connection on the niche should be connected to a #8 AWG bonding conductor after the NEC. Please refer to your niche manufacturer for details.

Except when the fixture is installed in an area of the swimming pool or spa that is not used for swimming and the lens is adequately gasketed to keep any water from entering it, the fixture must be installed in or on a wall of the pool or spa, with the top of the lens not less than 18 inches (46 cm) below the normal water level of the pool or spa.

#### Important Note When Installing Niches in Concrete/Quartzite Pools

SP0500 and SP0501 Niches: A cardboard cover and 2 screws are provided with the niche to protect the niche and mounting screw holes. Leave these in place during construction of concrete which may damage the niche or screw threads. REMOVE and discard both the cover and the protective cardboard cover when ready to install the light fixture.

SP0504C, SP0509C, SP0509C, and SP0510C Niches: A plastic cover is provided with the niche to protect the niche and mounting screw holes. Leave the cover in place during construction of concrete which may damage the niche or screw threads. Before applying plaster, the outer edge of the cover may be torn off to allow plastering up to the edge of the niche. REMOVE and discard the plastic cover when ready to install the light fixture. If the light fixture is installed in the niche before pool or spa construction, the plastic cover may be reversed and taped to the edge of the niche face plate to protect the light from concrete during construction.

#### GIVE THESE INSTRUCTIONS TO POOL/SPA OWNER AFTER INSTALLATION

Le projecteur ColorLogic à diode électroluminescente de Hayward que vous avez acheté est conçu pour être installé dans les enfoncements Hayward manufacturés après 1993. Les projecteurs Hayward peuvent être compatibles avec d'autres enfoncements, mais l'installation ne bénéficiera pas de l'approbation UL.

Les séries SP0522 et SP0523 de projecteurs ColorLogic de Hayward pour piscines figurent sur la liste UL sous le numéro E39338 et, pour être approuvés, ils doivent être utilisés avec les modèles d'enfoncements Hayward SP0500, SP0501, SP0509C ou SP0509C. Les séries SP0530 et SP0531 de projecteurs ColorLogic de Hayward pour spas figurent sur la liste UL sous le numéro E39338 et, pour être approuvés, ils doivent être utilisés avec les modèles d'enfoncements Hayward SP0501, SP0509C ou SP0510C. L'installation du projecteur et de l'enfoncement doit être conforme à l'article 680 du National Electric Code – NEC (code national en électricité) et de tout autre code local en vigueur. Si vous utilisez un conduit conducteur non métallique, vous devez passer un conducteur de mise à la terre de taille 8 (cable de fil américain) dans le conduit conducteur et le brancher au connecteur de mise à la terre à l'intérieur de l'enfoncement. Ce branchement doit être recouvert d'une pâte de remplissage conformément à l'article 680-20 du NEC, notamment la pâte de remplissage 3M Scotch Cast pour enfoncement immergé no. 2155 ou équivalent. Le connecteur externe intégré de l'enfoncement devrait être branché à un connecteur de recommandation de taille 8 (cable de fil américain), également conçu par le NEC. Veuillez vous référer aux instructions de l'enfoncement pour de plus amples renseignements.

Le projecteur doit être installé dans ou sur un mur de la piscine ou du spa, de façon à ce que le haut de la lentille soit au moins 18 pouces (46 cm) sous la surface normale de l'eau, sauf si le projecteur est installé dans une zone qui n'est pas utilisée pour la baignade et que la lentille est adéquatement protégée afin d'éviter tout contact avec l'eau.

#### Remarque importante concernant l'installation des enfoncements dans les piscines en béton/quartzite

Enfoncements SP0500 et SP0501 : 2 vis et un couvercle en carton sont fournis avec l'enfoncement pour le protéger ainsi que les trous d'installation. Veuillez les laisser en place tout au long de l'installation afin d'éviter que le ciment ne s'effrite et d'empêcher l'enfoncement ou le filetage des vis. ENLEVEZ et jetez les 2 vis et le couvercle en carton pour installer le projecteur.

Enfoncements SP0504C, SP0509C, SP0509C et SP0510C : un couvercle de plastique est fourni avec l'enfoncement afin de le protéger ainsi que les trous d'installation. Veuillez laisser le couvercle en place tout au long de l'installation afin d'éviter que le ciment ne s'effrite et d'empêcher l'enfoncement ou le filetage des vis. Avant d'appliquer le plâtre, vous pouvez déchirer le rebord externe du couvercle afin de pouvoir plâtrer le contour de l'enfoncement. ENLEVEZ et jetez le couvercle de plastique pour installer le projecteur. Si le projecteur est installé dans l'enfoncement avant la construction de la piscine ou du spa, le couvercle de plastique peut être inversé et fixé avec du ruban adhésif au rebord du projecteur afin de le protéger du béton durant la construction.

#### REMETTEZ LES PRÉSENTES INSTRUCTIONS AU PROPRIÉTAIRE DE LA PISCINE OU DU SPA APRÈS L'INSTALLATION

Las lámparas subacuáticas de LED (diodo emisor de luz) ColorLogic de Hayward que ha adquirido está diseñada para instalarse en huecos (nichos) para lámparas Hayward fabricados a partir de 1993. Es posible que las lámparas Hayward se adapten a otros nichos, pero la instalación carecerá de la aprobación UL.

Las lámparas ColorLogic de LED Hayward de las series SP0522 y SP0523 para piscinas están aprobadas por UL bajo el registro número E-39338 y, para contar con la aprobación, deben utilizarse en los nichos para lámparas modelos SP0500, SP0501, SP0509C o SP0509C de Hayward. Las lámparas para jacuzzi de LED ColorLogic de Hayward, de las series SP0530 y SP0531, están aprobadas por UL bajo el registro número E-39338 y, para contar con la aprobación, deben utilizarse con nichos para lámparas modelos SP0501, SP0509C o SP0510C de Hayward. La instalación de la lámpara y el nicho debe efectuarse de conformidad con el Artículo 680 del Código Nacional de Electricidad (NEC), según se registra y todo código local pertinente. Si se utilizan conductores no metálicos, se debe tender un cable o barra calibre 8 AWG a través del conducto y hasta el conector a tierra del interior del nicho. De conformidad con el Artículo 680-20 de NEC, este conducto debe encapsularse con un compuesto aprobado, por ejemplo el Scotch Cast Wet Niche Putty Compound No. 2155 de 3M (registro E130094 de UL), o uno equivalente. La NEC exige, además, que la totalidad de la conexión externa del nicho sea hecha a un cable calibre 8 AWG para metalización. Consulte las instrucciones del nicho para obtener información detallada.

Las lámparas deben empotrarse en la pared de una piscina o jacuzzi, o colocarse sobre la ella, y la parte superior del lente no debe estar a menos de 18 pulgadas (46 cm) por debajo del nivel normal del agua, excepto si la lámpara se instala en una zona de la piscina o jacuzzi que no se utiliza para nadar y el lente se protege de forma adecuada para evitar que alguna persona lo toque.

#### Nota importante sobre la instalación de nichos en piscinas de concreto o gunita

Nichos SP0500 y SP0501: con el nicho se suministran 2 tornillos y una cubierta de cartón para proteger el nicho y los orificios de los tornillos de montaje. Durante la construcción, déjelos en su sitio para evitar que el concreto permea y dañe el nicho o las rosas para los tornillos. RETIRE y deseché tanto los tornillos como la cubierta protectora de cartón cuando está listo para instalar la lámpara.

Para los nichos SP0504C, SP0509C, SP0509C y SP0510C, el nicho se suministra con una cubierta plástica protectora y orificios para los tornillos de montaje. Durante la construcción, mantenga la cubierta en su sitio para evitar que el concreto permea y dañe el nicho y las rosas para los tornillos. Antes de aplicar el yeso, se puede desmenujar el borde exterior de la cubierta para exponer el yeso hasta el borde del nicho. RETIRE y deseché la cubierta plástica cuando está lista para instalar la lámpara. Si la lámpara se instala en el nicho antes de construir la piscina o el jacuzzi, puede usar la cubierta plástica por el reverso y pegarla con cinta en el borde del lado exterior de la lámpara para protegerla del concreto durante la construcción.

#### ENTREGAR ESTAS INSTRUCCIONES AL PROPIETARIO DE LA PISCINA O JACUZZI DESPUÉS DE LA INSTALACIÓN

## **Hayward Pool Light Manual Introduction**

In today's digital age, the availability of Hayward Pool Light Manual books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Hayward Pool Light Manual books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Hayward Pool Light Manual books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Hayward Pool Light Manual versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Hayward Pool Light Manual books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Hayward Pool Light Manual books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Hayward Pool Light Manual books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Hayward Pool Light Manual books and manuals for download have transformed the way

we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Hayward Pool Light Manual books and manuals for download and embark on your journey of knowledge?

### **FAQs About Hayward Pool Light Manual Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Hayward Pool Light Manual is one of the best book in our library for free trial. We provide copy of Hayward Pool Light Manual in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Hayward Pool Light Manual. Where to download Hayward Pool Light Manual online for free? Are you looking for Hayward Pool Light Manual PDF? This is definitely going to save you time and cash in something you should think about.
