Hd Camcorder Buying Guide 2010:

Digital Cameras and Camcorders Stuart A. Kallen,2014-04-14 Digital cameras are probably one of the most common electronics found in typical American households The use of digital cameras has allowed anyone to become a photographer without the expensive equipment that was previously needed This volume describes the evolution of the digital cameras along with the parts that make up the camera The book also deals with what modes should be used in certain settings and how the explosion of photographs available online has led to privacy concerns [Communication Technology Update and Fundamentals](#) August E. Grant,J Rion McKissick Professor of Journalism August E Grant,Jennifer H. Meadows,2013-09-05 New communication technologies are being introduced at an astonishing rate Making sense of these technologies is increasingly difficult Communication Technology Update and Fundamentals is the single best source for the latest developments trends and issues in communication technology Featuring the fundamental framework along with the history and background of communication technologies Communication Technology Update and Fundamentals 12th edition helps you stay ahead of these ever changing and emerging technologies As always every chapter has been completely updated to reflect the latest developments and market statistics and now covers digital signage cinema technologies social networking and telepresence in addition to the dozens of technologies explored in the previous edition The book also features industry structure and regulation history and theory along with full coverage of the latest technologies The book s companion website <http://commtechupdate.com> offers updated information submitted by chapter authors and offers links to other Internet resources

Television and the Embodied Viewer Marsha F. Cassidy,2020-01-15 Television and the Embodied Viewer appraises the medium s capacity to evoke sensations and bodily feelings in the viewer Presenting a fresh approach to television studies the book examines the sensate force of onscreen bodies and illustrates how TV s multisensory appeal builds viewer empathy and animates meaning The book draws extensively upon interpretive viewpoints in the humanities to shed light on a range of provocative television works notably The Americans Mad Men Little Women LA and Six Feet Under with emphasis on the dramatization of gender disability sex childbearing and death Advocating a biocultural approach that takes into account the mind sciences Cassidy argues that interpretive meanings shaped within today s dynamic cultural matrix are amplified by somatic experience At a time when questions of embodiment and affect are crossing disciplines this book will appeal to scholars and students working in the fields of television film and media studies both in the humanities and cognitive traditions
