Teacher Information

FISD Geography Teachers - I have taken a review that CFB created and using their pictures and resources, put it into a PowerPoint for you to use with your students. I have also included in the notes section some of their instructions to help you. You will see these listed as Teacher Script.

Materials Needed:

1. Tape, Glue sticks, and map colors
2. Student Map - The map is in a Publisher File and will automatically print the world map on 6 different sheets of paper. Students will have to tape the maps together. (This may take about 20 minutes or so for 9th graders).
3. Student Packet - each student will need the student resource packet - since these items will be cut up, it is essential that you run the packets on only one side of the paper. Suggestion: Since not all of the cutting and gluing will happen on the same day - you might want to give the students a manila folder to hold their remaining items.
4. Student quizzes
5. Power Point
6. Atlases or textbooks
