This strongly Christian oriented book is designed as a guide for the high school junior or senior who is seriously considering
college It begins with a detailed discussion of the decision whether or not to go including a description of college life to give
a deliberate dose of reality to counter some of your fantasies There is excellent coverage of the mechanics of selecting
potential colleges applying taking necessary tests accepting or being rejected and preparing for admission including a hard
look at costs The first six chapters are a good guide to the college selection processes The remainder has a heavy Christian
emphasis a fact not noted in the title introduction or early chapters This makes the book of most interest to students who
desire that lifestyle The final chapter is entitled Index of Resources and consists of a detailed glossary and a bibliography of
related sources including software There is also a list called Organizations to Consult consisting of four Christian
