Focus On: 100 Most Popular Unreal Engine Games Wikipedia contributors, **Rockstar Games and American History** Esther Wright, 2022-08-22 For two decades Rockstar Games have been making games that interrogate and represent the idea of America past and present Commercially successful fan beloved and a frequent source of media attention Rockstar s franchises are positioned as not only game changing ground breaking interventions in the games industry but also as critical cultural histories on America and its excesses But what does Rockstar s version of American history look like and how is it communicated through critically acclaimed titles like Red Dead Redemption 2010 and L A Noire 2011 By combining analysis of Rockstar s games and a range of official communications and promotional materials this book offers critical discussion of Rockstar as a company their video games and ultimately their attempts at creating new narratives about U S history and culture It explores the ways in which Rockstar s brand identity and their titles coalesce to create a new kind of video game history how promotional materials work to claim the authenticity of these products and assert the authority of game developers to perform the role of historian By working at the intersection of historical game studies U S history and film and media studies this book explores what happens when contemporary demands for historical authenticity are brought to bear on the way we envisage the past and whose past it is deemed to be Ultimately this book implores those who research historical video games to consider the oft forgotten sources at the margins of these games as importance spaces where historical meaning is made and negotiated Watch our book talk with the author Esther Wright here https://youtu.be/AaC_9XsXCQ

Romance in the Digital Game Amy Brierley-Beare, 2025-09-30 In the last decade the popularity of romance in the AAA game has exploded It has become an expectation for major releases and a regular object of fan obsession High profile games such as Baldur s Gate III 2023 Cyberpunk 2077 2020 and Starfield 2023 prominently feature in game romance in their multimillion dollar promotional campaigns Moreover rampant speculation by gaming journalists and fans about who is romanceable will regularly accompany the announcement of a new title However representations of romance have long been under examined and vaguely defined by scholars This leaves important questions unanswered How does the digital game mediate cultural attitudes towards love and sex How can we classify representations of romance in the digital game Does romance simply replicate existing hegemonies surrounding gender and sexuality or does it offer a space for transgressive play This book positions optional romance in the AAA game as a central object of analysis Based on the close analysis of some of the most commercially and culturally significant games of the last 30 years like Grand Theft Auto IV 2008 the Mass Effect series 2007 21 and the Elder Scrolls series 1994 2024 it is the first full length monograph to effectively and comprehensively categorise how mainstream gaming asks its audience to engage with romance It interrogates the idiosyncrasies of romance in the popular games to provide fresh insights into messaging surrounding normative social understandings of love sex and intimacy By theorising four representational categories of romance Limerent Physical Domestic and Ludic Automatic Love

introduces a new theoretical framework for scholars to understand romance gender and sexuality in gaming **Gaming and the Virtual Sublime** Matthew Spokes,2020-08-28 Gaming and the Virtual Sublime considers the virtual sublime as a conceptual toolbox for understanding our affective engagement with contemporary interactive entertainment Adult-study Guide ,1937 **Authorship as Promotional Discourse in the Screen Industries** Leora Hadas,2020-04-30 This book discusses the use of authorship discourses and author figures in the promotion and marketing of media content dealing with the U S mainstream media including franchise film network television and triple A video games The research takes a unique approach studying ideas of authorship in promotion diverging from extant approaches looking at the text production or reception Conceptualizing authorship within the logic of media branding the book studies the construction of ideas around creativity and the creative person in marketing and publicity content where media industries communicate with audiences A cross media approach allows the book to take a broad look and make comparisons across the increasingly integrated media industries The book will be of great relevance to academics in the fields of film television and media studies including postgraduate students conducting teaching and research around authorship media industries and media promotion **Real Estate Record and Builders' Guide** ,1886 Forthcoming Books Rose Arny,1992 The Translation of Realia and Irrealia in Game Localization Silvia Pettini,2021-09-19 This book explores the impact of a video game s degree of realism or fictionality on its linguistic dimensions investigating the challenges and strategies for translating realia and irrealia the interface of the real world and the game world where culture specificity manifests itself The volume outlines the key elements in the translation of video games such as textual non linearity multitextuality and playability and introduces the theoretical framework used to determine a game s respective degree of realism or fictionality Pettini applies an interdisciplinary approach drawing on video game research and Descriptive Translation Studies to the linguistic and translational analysis of in game dialogs in English Italian and English Spanish language pairs from a corpus of three war video games This approach allows for an in depth look at the localization challenges posed by the varying degree of realism and fictionality across video games and the different strategies translators employ in response to these challenges A final chapter offers a comparative analysis of the three games and subsequently avenues for further research on the role of culture specificity in game localization This book is key reading for students and scholars interested in game localization audiovisual translation studies and video game research **Official Airline Guide** ,1980 The Hollywood Reporter ,2007 Guide to Research in Air Pollution Pennsylvania State University.
