Employment and Labour Relations Law in the Premier League, NBA and International Rugby Union Leanne O'Leary, 2017-01-28 This book examines the employment arrangements of professional athletes in the Premier League football competition the National Basketball Association competition and rugby union played at an international level It describes the organisation and regulatory frameworks of these three professional team sports and highlights the legal economic and regulatory factors that influence the final form of an athlete's working conditions It provides a comparative analysis between the sports on issues such as the role of collective bargaining wage regulation salary caps nationality restrictions eligibility player movement and the acquisition of a player's intellectual property It discusses the approaches adopted in each sport for balancing the interests of labour and management the problem of controlling private regulatory power in professional sport and considers the extent to which legal or government intervention is required in an athlete's employment relationship National law can assist players in a domestic league to secure an involvement in the determination of working conditions but it has a more limited effect in a competition organised by an international governing body This book argues that social regulation through soft law processes at an international level may benefit athletes consumers and sport globally It provides a useful case example for comparison with the organisation of other professional team sports in Europe North America and Australasia This book is important reading for scholars and practitioners in the fields of international sports law employment law competition law European law and human rights law It is also highly recommended for students at undergraduate and postgraduate levels taking modules and courses in Sports Law or Sports Business Management Dr Leanne O'Leary is a dual qualified solicitor Senior Lecturer in Law and member of the Centre for Sports Law Research at Edge Hill University in the United Kingdom This book appears in the ASSER International Sports Law Series under the editorship of Prof Dr Ben Van Rompuy and Dr Antoine Duval

Daily Graphic I.K. Nkrumah, 1976-06-22 *The Junior Photographer*, 1900 **The Boy's Own Annual**, 1897 **Sports Law in China** Junxin Kang, Jing Xia, 2017-04-21 Derived from the renowned multi volume International Encyclopaedia of Laws this practical analysis of sports law in China deals with the regulation of sports activity by both public authorities and private sports organizations The growing internationalization of sports inevitably increases the weight of global regulation yet each country maintains its own distinct regime of sports law and its own national and local sports organizations Sports law at a national or organizational level thus gains a growing relevance in comparative law The book describes and discusses both state created rules and autonomous self regulation regarding the variety of economic social commercial cultural and political aspects of sports activities Self regulation manifests itself in the form of by laws and encompasses organizational provisions disciplinary rules and rules of play However the trend towards more professionalism in sports and the growing economic social and cultural relevance of sports have prompted an increasing reliance on legal rules adopted by public authorities This form of regulation appears in a

variety of legal areas including criminal law labour law commercial law tax law competition law and tort law and may vary following a particular type or sector of sport It is in this dual and overlapping context that such much publicized aspects as doping sponsoring and media and responsibility for injuries are legally measured This monograph fills a gap in the legal literature by giving academics practitioners sports organizations and policy makers access to sports law at this specific level Lawyers representing parties with interests in China will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative sports law
