

GATTACA Assignment Are your Genes your Destiny?

GATTACA is a film that shows a future society that is based on the rigorous assessment of everyone's potential. Most individuals in this society are genetically manipulated to have just those few highest achievement genes that maximize potential (and also maximize longevity). There is no natural genetic variation. Individuals get a 100% opportunity to achieve. Some individuals are appointed important jobs and positions in advance and others have to be recruited from gene banks.

How does this relate to your course? I have selected your labster's genes (and/or assigned assignments to the right course of activities) that have been identified as those that it is right to be in. Strengths of your assignment will be recognized here, and you are asked to use these and provide evidence. You should be honest, but the criteria are not absolute. You can add anything that you think is relevant to your assignment. The overall assignment is based on the following:

You must provide your argument in a short paper. I will measure your assignment. Most often it will be based on the following: the quality of your writing, the quality of your evidence, and the quality of your analysis. Please refer to the gene bank as your source of information.

Assignment	100%	90%	80%	70%	60%
Final Essay and Examples	100% of the assignment is provided	90% of the assignment is provided	80% of the assignment is provided	70% of the assignment is provided	60% of the assignment is provided
Quality of Writing	Excellent	Very Good	Good	Fair	Poor
