New Realities of Secondary Teachers' Work Lives Pam Poppleton,John Williamson,2004-05-10 There are many books on educational change its origins processes and consequences The unique contribution of this volume lies in its careful documenting and reporting of the reactions of teachers themselves interviewed in 9 countries about the changes they have experienced and in the comparative nature of the study which employs both qualitative and quantitative methods in a complementary way In Part One the educational background to the study in each country is described and teachers responses to a common research semi structured interview schedule are reported In Part Two the same database is subjected to a statistical analysis for comparative purposes in order to reveal similarities and differences between countries The project set out to obtain an international picture of the changes in education which have had the greatest impact on the lives of teachers to explore how actual and perceived changes have influenced teachers experience and practice and to identify critical factors in the implementation of change The result is a book that will enable students to familiarise themselves with practices in other countries and policy makers to evaluate the implications of changes in different social economic and cultural environments

Education Reform in Societies in Transition ,2006-01-01 Framed against the background of educational change this book proposes to examine the relationship between curriculum change teacher professional development policy reform and the processes of educational change The main aims of the book are to 1 focus on educational changes and reconstruction in transitional societies that have undergone political economic and social change in the past two decades 2 provide a forum for the dissemination of research on education reconstruction and reform in transitional societies 3 disseminate ideas that enhance both the practical and theoretical aspects of educational changes in these societies 4 further knowledge and understanding of emerging trends and issues in education in these societies 5 reflect the realities of educational scenarios in each transitional society The book presents an in depth exploration of educational reconstruction in

15 transitional societies In each chapter the authors have provided an overview of educational processes in the country a distillation of education change or reform and or reconstruction in each transitional society Collectively the chapters in the book have attempted to contribute to a better understanding of the educational system in respective countries by identifying the challenges and obstacles the policy implications the teacher professional development needs and curriculum reform efforts

Future-proofing STEAME education in South Africa Rajendran Govender,Josef de Beer,Rouaan Maarman,Rajendra Chetty,2025-02-28 This book aims to contribute to the discourse of finding innovative solutions to the myriad of challenges facing science education in South Africa The book positions itself in the multi disciplinary focus on Science Technology Engineering Arts Mathematics and Entrepreneurship STEAME education rather than the traditional narrow focus on Science Technology Engineering and Mathematics STEM The chapters in the book explore the challenges and opportunities facing STEAME education in a complex 21st century and at the advent of a society with a strong artificial intelligence component in its DNA The leitmotif of the book is how engaging pedagogies could be utilised in the classroom to enhance self directed learning a sine qua non to future proof South Africa s science and technological advancement This is a book written by scholars for scholars Its target audience includes academics and researchers in the field of science education and scholars engaged with innovative teaching pedagogies particularly approaches that would enhance the achievement of learners in disadvantaged contexts The chapters in the book although eclectic in approach all contribute to the central theme of the book Most of the chapters lean on textual analyses literature reviews or concept papers which disclose new ideas before full validation

The Mbeki Legacy Brian Pottinger,2010-12-08 In September 2008 Thabo Mbeki was recalled as president of South Africa seven months before his term was due to end This book takes stock of Mbeki s presidency by focusing on a simple question how has South Africa prospered or weakened under his stewardship The Mbeki Legacy considers how Mbeki consolidated power and why he was defeated at the ANC s 2007 Polokwane conference It weighs up the successes of his macro economic policies and his shortcomings in the fields of crime fighting education and health From the arms deal to the electricity crisis it investigates the effects of corruption and mismanagement The book also explores the impact of land reform black economic empowerment and quiet diplomacy towards Zimbabwe Seasoned writer and analyst Brian Pottinger has sifted through reams of facts and statistics to produce a compelling accessible and authoritative analysis of Mbeki s South Africa This updated edition covers events up to the 2009 election and Jacob Zuma s first State of the Nation address and offers additional insights into the post Mbeki era
