Figure 4 Boiling water bath setup

Observation Step

You will prepare a calibration curve for your thermometer using distilled water. Before preparation of the data, the value of the boiling point must be adjusted for atmospheric pressure. Although both melting points and boiling points change with varying pressure, the dependence of the melting point on pressure is very small and negligible. However, the rate of change of the boiling point with pressure is large. At atmospheric pressure, the boiling point of water is 100°C. The boiling point of water at 100 mm is equal to 100°C. During the graph, you will be told the atmospheric pressure will be slightly lower than 100 mm. The atmospheric pressure on your report sheet during process. Please remember the boiling point of water at 100 mm is 100°C. The pressure on the boiling point can be estimated by using the following formula:

$$P \text{ (mmHg)} = (760 \text{ mmHg} - \text{atmospheric pressure}) + 0.0027 \frac{P^2}{T}$$

In additional steps, you will get the boiling point of water at the process.

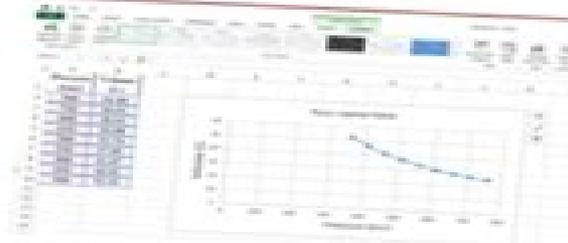

Example 1.1
If you are told that atmospheric pressure was 100 mm, the correction factor is:

$$P \text{ (mmHg)} = (760 \text{ mmHg} - 100 \text{ mmHg}) + 0.0027 \frac{P^2}{T} = 0.0027 \frac{P^2}{T}$$

The boiling point at 100 mm would be $100.000^\circ\text{C} - 0.0027 \frac{P^2}{T} = 100.00^\circ\text{C}$.

28. Change the axes titles in the spreadsheet to the appropriate units. The x-axis is temperature in degrees Celsius and the y-axis is boiling point in degrees Celsius. Save the spreadsheet as the manual asks.

Click on the title of the graph and change it to your name. Please call the name of your graph at the end of your report.

29. Print out the graph and attach it to the papers that need to be handed in for this work.

Hunter Custom Lab Manual

Detroit Public Library

Hunter Custom Lab Manual:

Getting the books **Hunter Custom Lab Manual** now is not type of challenging means. You could not on your own going in the manner of books store or library or borrowing from your associates to entrance them. This is an categorically simple means to specifically acquire guide by on-line. This online publication Hunter Custom Lab Manual can be one of the options to accompany you when having other time.

It will not waste your time. agree to me, the e-book will totally look you other situation to read. Just invest tiny get older to right of entry this on-line statement **Hunter Custom Lab Manual** as well as review them wherever you are now.
