        (See the OPTIONS section for alternate option syntax with long option
        names.)

DESCRIPTION
        Less is a program similar to more (1), but it has many more features.
        Less does not have to read the entire input file before starting, so
        with large input files it starts up faster than text editors like vi
        (1).   Less uses termcap (or terminfo on some systems), so it can run on
Manual page less(1) line 1 (press h for help or q to quit)
